

POW FREEDOM ROAD—The muddy dirt road which twenty-two thousand anti-Communist prisoners will travel to freedom in Korea, bristles with tanks, machine guns and barbed wire. American authorities take no chances on a

Communist-inspired riot or premature break for freedom. The prisoners will leave the neutral compounds late Jan. 1, U. S. time. (NEA Telephoto)

Lakes Waterway Gains Support In U. S. Senate

By JAMES MARLOW

WASHINGTON (AP)—Every president for 30 years—including President Eisenhower—has blessed the idea of making the St. Lawrence River a seaway for ocean going ships to travel between the Atlantic and the Great Lakes.

For a week the Senate has been debating a bill to make the United States a partner with Canada in developing such a seaway. This would mean deepening the channel and building some locks at a cost of 88 million dollars to this country, 175 million to Canada.

In 1934, 1944, 1948 and 1952, the Senate voted it down. It may not do so now.

Security Is Issue

Canada, fed up waiting, finally said she would develop the seaway, with or without U. S. help. Eisenhower says this country should take part for the sake of national security.

This is the picture: A watery highway 1,185 miles long stretches north from Lake Ontario through the St. Lawrence River and gulf to the Atlantic. For 114 miles the river is the boundary between the United States and Canada. And American development would be in that 114-mile stretch. The rest of the waterway is in Canada.

If Congress approves, this country will join Canada in deepening the river channel where necessary to a minimum of 27 feet, building locks, and charging tolls for the ships passing through. The work would take about six years.

Sen Wiley (R-Wis.), leading the Senate fight for the bill, estimates 75 per cent of U. S. merchant ships could come down the seaway. For the rest the channel wouldn't be deep enough.

Here are main arguments for (Please Turn To Page 6, Col. 2)

Farm Surpluses To Be Bartered

WASHINGTON (AP)—President Eisenhower was reported today about to propose giving up to one billion dollars worth of farm surpluses to non-Communist countries in exchange for pledges to undertake economic projects.

Officials helping draft the plan said the governments getting the products would be asked to sign agreements to undertake specific projects aimed at bettering the living standards of their people.

Countries which would be eligible would be those hard-pressed for funds to finance such projects, such as India, Pakistan and others, mainly in Asia.

Secretary of Agriculture Benson told the Senate Agriculture Committee Monday the President in his budget message Thursday would suggest a one-billion-dollar program which would "complement our general program of economic and technical aid" to friendly governments. Benson provided no further details.

Michigan Legislature Asked For Million To Fight Traffic Mishaps

DETROIT (AP)—The state Legislature is being asked to provide one million dollars to combat traffic accidents which last year killed 19,225 and injured 58,000 persons in Michigan.

Most of the money would be for more state police and more effective driver licensing.

F. Granger Weil, chairman of the second Michigan Highway Safety Seminar, to be held at East Lansing Jan. 25-26, called the proposed spending a small price compared with the 1953 state traffic toll's economic loss of 190 million dollars.

More Troopers Needed

Weil, executive vice president of the Port Huron Times-Herald, told newsmen Monday night the

Flexible Farm Price Support Action Delayed

WASHINGTON (AP)—The Eisenhower administration moved today to delay for at least six weeks any showdown with Senate critics of its flexible farm price support program.

The Senate Agriculture Committee recalled Secretary of Agriculture Benson for questioning on the program but Chairman Aiken (R-Vt.) said in an interview he won't push for a vote on the price support issue until about March 1. Aiken is backing the new program which President Eisenhower outlined to Congress eight days ago.

Three Other Items

In the meantime, Aiken said, he will ask the committee to consider other phases of the program. These include Eisenhower's requests for (A) authority to "freeze" 2½ billion dollars worth of crop surpluses from regular markets, (B) a 1½-billion-dollar boost in funds to support farm prices and (C) authority to dispose of a billion dollars.

Roosevelt Sheds His Second Wife

SANTA MONICA, Calif. (AP)—James Roosevelt, 46, who separated five months ago from his second wife, Romelle Schneider Roosevelt, 38, has sued for a decree of separate maintenance, alleging that she caused him "mental and physical anguish and distress."

They were wed in Beverly Hills, Calif., in 1941 in a civil ceremony. They met in 1938 in Rochester, Minn., when Miss Schneider, a hospital nurse, was assigned to Roosevelt's case when he had an abdominal operation. They have three children.

Roosevelt's lawyer, Samuel B. Picone, said negotiations for a financial settlement have been unproductive. The complaint said Roosevelt has asked his wife to return such items as the late Frank D. Roosevelt's wrist watch, cigarette holder, ring and similar articles of sentimental value.

"She has refused to deliver them and still refuses to do so," read the complaint.

Roosevelt's first wife was Betsy Cushing, daughter of the noted neurosurgeon, Dr. Harvey Cushing of Boston. She divorced him in 1940, charging desertion, and two years later married millionaire sportsman, John (Jack) Whitney.

seminar will try to shape a legislative program to cut traffic accidents.

Maxwell Halsey, executive secretary of the Michigan State Traffic Safety Federation, advocated more state police for highway control, tightening up driver licensing, and setting day and night speed limits.

Joseph A. Childs, state police commissioner, said a pending budget proposal to add 105 state policemen is inadequate "to solve the problem," but the increase would help. He said "at least" 150 more state troopers are needed.

Problem Grows Fast

Lee C. Richardson, director of the State Motor Vehicle Division, said 1953 figures show traffic offense convictions up 25 per cent. They jumped from 140,427 to 166,963.

Schuyler L. Marshall, seminar director, announced these increases from 1946 to 1953 to emphasize the state's problem:

Number of cars registered, up from 1,600,000 to 2,800,000.

Drivers licensed, up from 2,300,000 to 3,200,000.

Miles traveled, up from 15-billion to 26 billion.

He said 93 per cent of Michigan residents use automobiles instead of trains or buses for point to point traveling, and high speed is a factor in 70 per cent of the state's traffic deaths.

Broker, 36, Kidnaped For \$300,000 Freed By Police In Frisco

SAN FRANCISCO (AP)—A wealthy young San Francisco real estate broker kidnaped Saturday and held for \$300,000 ransom was rescued unharmed early today by police who arrested the suspects.

The kidnaped man, Leonard Moskowitz, 36, told newsmen with a broad smile:

"It's wonderful. I love the police department."

Dist. Atty. Thomas Lynch, in announcing the break at 6 a. m. (CST) identified the two suspects as Harold Jackson, 57, and Joe Lear, 43, both of Sacramento, Calif.

Suspect Squeals

Moskowitz was found shackled in a rented house at 167 Arbor St., a few minutes after two police inspectors picked up Lear as he talked with the victim's family from a public telephone a few blocks away, Lynch said.

Police Lt. Don Scott said Lear squealed and quickly led officers to the hideout.

Newspaper, wire services and radio stations had known of the kidnaping since shortly after worried members of the Moskowitz family telephoned police Saturday afternoon and reported him missing. All kept it secret while the family negotiated for his release.

Leonard's father, Maurice Moskowitz, a small silver-haired man, and his sister-in-law, Mrs. William Moskowitz, talked happily with 35 to 40 newsmen in the Hall of Justice.

Victim Not Harmed

"You're the most wonderful people in the world," Mrs. Moskowitz told Police Chief Michael Gaffey. The younger Moskowitz, father of two children, said the kidnapers threatened to mutilate him, but actually did him no harm.

"They kept me shackled all the time," he said. "They gave me water when I wanted it, and food." He said the kidnapers never re-

Get That Price Of Coffee Down, Dulles Advised

By CHARLES F. BARRETT

WASHINGTON (AP)—The Eisenhower administration had this advice today from a Democratic congresswoman from Missouri:

Forget a minute about the big Four, atoms, deficits and the budget. But for goodness sakes Do something about the 15-cent cup of coffee.

To Mrs. Leonor Kretzer Sullivan, styling herself a typical "harassed housewife," the implication was sue that will push the old nickel clear: Democrats may get an is-cigar into the background.

Luxury Beyond Reach

Mrs. Sullivan, an attractive brunette, said rising coffee prices are making coffee a luxury beyond the reach of the man in the street, or the woman in the kitchen, and "that is almost un-American."

She said profiteering and speculation have caused the price of a cup of coffee to jump to 15 cents in St. Louis and other cities, and the price of a pound to climb to \$1.10 and higher.

"If this gouging were occurring in copper or manganese," she said in a House speech Monday, "I'm sure the government would be showing some concern and undoubtedly getting some helpful results."

"But so far as I can see, it is looking with resignation or unconcern on skyrocketing coffee prices."

How About It?

Then she went to her office and whipped out this letter to Secretary of State Dulles, who deals with the countries (chiefly Brazil) which supply coffee:

"Has your department made any effort to reach agreement with the coffee-supplying nations to assure an adequate supply of the reduced (coffee) production for our needs? Have you initiated any conversations toward assuring this supply at fair prices?"

"In other words, Mr. Secretary, what is our government doing—and also, what can it do under present authority—to arrange with the coffee producing nations for a broad smile?"

(Please Turn To Page 6, Col. 7)

Broker, 36, Kidnaped For \$300,000 Freed By Police In Frisco

SAN FRANCISCO (AP)—A wealthy young San Francisco real estate broker kidnaped Saturday and held for \$300,000 ransom was rescued unharmed early today by police who arrested the suspects.

Gov. Williams' Revenue Estimates Get Close Check In Legislature

LANSING (AP)—Republican members of the Senate Appropriations Committee planned today to put Gov. Williams' revenue estimates for the next fiscal year, assuring in a closed caucus.

Williams has asked the Legislature for a \$365 million dollar budget for the next fiscal year, assuring the lawmakers there will be revenue enough to meet it.

GOP leaders in the Senate said they planned to make their own survey of revenue potentials as a starting point for work on next year's appropriations.

Ready To Slash

They did not disguise their belief that Williams' estimates were too optimistic and that his re-

Cruiser Hunted In Breaking Ice

DETROIT (AP)—Helicopters of the Air Force and Navy kept up a search today for three Detroit area fishermen missing since Sunday in a home-built cabin cruiser on the Detroit River.

The three were among five fishermen who were trapped by high winds and breaking ice. Two were rescued Monday.

Still missing were Walter W. Riley, 54, Grosse Ile.; Paul Noland, 44, Gibraltar, and Otis Nelson, 45, Trenton.

The Coast Guard feared their 18-foot boat, built and owned by Noland, might have been crushed by ice jams at the point where the river enters Lake Erie.

An Air Force helicopter yesterday rescued Joseph Jasinski, 37, Wyandotte, and his son, Joseph Jr., 12, after the two had spent the night on Fighting Island.

Father and son took refuge from the 6-degree cold in a caretaker's home on the island when their outboard motor boat became trapped by ice floes.

The other three set out from Ecorse Boat Club Sunday to fish off Sugar Island.

Their families said Noland and Nelson wore heavy winter clothing but Riley was reported dressed only lightly.

Father Keeps Twins From School, Objects To Group Showers

BEMIDJI, Minn. (AP)—A father told a public meeting Monday night his twin boys would be kept from school if they had to take group showers.

Norman G. Moe, a service station employee, told some 60 adults at a meeting, "There are plenty of places where they can go to school without being run like beasts in a market place."

Moe was recently given a 30-day suspended sentence on charges of failure to send his children to school. The sentence was suspended on condition he return his 13-year-old boys to school or that he present a physician's certificate indicating they were not in suitable health. The boys were absent last week with rheumatic fever.

School authorities indicated an arrangement may be worked out to permit his boys to shower separately.

Convulsions Cheat Ontario Hangman

CORNWALL, Ont. (AP)—A 29-year-old laborer died in convulsions here Monday night an hour before he was to be hanged for murder.

Henri Seguin, convicted Oct. 29 of the robbery-slaying of a taxi operator, collapsed in his jail cell as he talked with a priest.

Ontario's chief coroner, Smirle Lawson, said in Toronto he suspected Seguin had poisoned himself to cheat the gallows.

TODAY'S CHUCKLE

Man is the only animal that blushes—or needs to.

quests will have to be trimmed.

Bills introduced would:

Bar from office for five years any appointive or elective official of any state or local unit who refuses to testify about the functions of his office before any investigative body, or who pleads constitutional protection against self-incrimination.

Exempt from the highway load limit law tandem trucks hauling farm produce on secondary roads to main roads.

Create a three-member racing commission in place of the present single commissioner.

Change the name of Michigan State College to Michigan State University.

WIVES WIN OUT

Two-Headed Baby Now With Parents At Petersburg, Ind.

PETERSBURG, Ind. (AP)—Mr. Mrs. Cecil Hartley and their

three daughters settled down to family life today with their two-headed baby boy, home from a hospital after five weeks.

The baby was asleep after the 122-mile ride from Riley Hospital in Indianapolis Monday night and his excited sisters jumped out of bed to play with him.

"Isn't he cute?" cried Connie Sue, 4, Shirley Ann, 2, looked in silent wonder.

"Why does he have two heads?" asked Mary Lou, 5.

Nobody could answer.

The baby, normal below the waist, has four arms and two legs.

Salary \$50 A Week

Ire Denzil Hartley, 20, Hartley's son by a previous marriage, had a brisk fire going in a coal stove in the living room, the only source of heat for the four rooms in the Hartley's half of an old duplex house.

A nurse who rode in the heated ambulance with the parents and the baby stayed overnight to get

(Please Turn To Page 6, Col. 5)

Atty. Gen. Frank G. Millard

hustled down to Washington after it and partially sabotaged its attempt to persuade congress to appropriate \$48,000,000 for Michigan harbor and river improvement.

Millard was given credit for keeping the Michigan congressional delegation away from a dinner sponsored by the state group.

Millard contended that the trip was a Democratic publicity stunt engineered by Bert Robb, secretary of the State Waterways Commission and an appointee of Gov. Williams.

The legislative committee reported Monday night that it used up its \$1,000 appropriation for the trip and that the members had to pay their traveling expenses out of their own pockets. They asked reimbursement of about \$300.

Sen. Frank Heath R-Bay City, chairman of the committee, told newsmen that Millard has apologized to him for any "embarrassment" to the committee.

City Employee Loots Meters Of \$8,000

WICHITA FALLS, Tex. (AP)—Robert Walkup, 34, former city traffic department employee, was charged Monday with embezzling more than \$8,000 in nickels from city parking meters in a 13-month period.

He told police he had spent the nickels on fishing trips, a state fair junket in Dallas, and two autos, among other things. He didn't have enough to make his \$5,000 bond.

MASHER SLASHER—Louise McDaniel, 18-year-old Detroit secretary carried a razor blade in her purse as protection against molesters. When a man grabbed her she broke away and slashed him across the face. An hour later an 18-year-old was hospitalized with a slashed face which he said he received in a fight. The man was held for investigation. (NEA Telephoto)

Prisoner Shift Angrily Opposed By Communists

By GEORGE MCARTHUR

PANMUNJOM (AP)—The Communists demanded today that the Indians "withdraw" a decision to turn back unrepatriated war prisoners starting Wednesday and indicated they will not accept 349 pro-Red POWs.

The Reds insisted on more time for interviews with 20,639 anti-Communist Koreans and Chinese and that all prisoners be kept in neutral custody until a peace conference decides their fate.

Transfer Begins Today

The Indians said they would go ahead with the transfer of anti-Communist prisoners back to U. N. custody starting at 9 a. m. Wednesday (6 p. m. EST Tuesday). The Allies said flatly they would be freed at midnight Friday. Pro-Red POWs, including 21 Americans will remain in Indian custody at least temporarily.

The text of the letter broadcast by Red China's Peiping radio does not say flatly that the Communists would refuse to accept custody of the prisoners if the Indians turned them back. But the Reds appear to say so by implication.

The Communists rejected any proposal which would transfer the prisoners from Indian custody before (1) they receive explanations and (2) a Korean peace conference discusses their fate.

Lt. Gen. K. S. Thimayya, Indian chairman of the Neutral Nations Repatriation Commission, said anti-Red prisoners would move southward from stockades in Korea's neutral zone on schedule.

He told a press conference the anti-Communist Chinese and Korean prisoners were overjoyed when told they were to be returned to U. N. custody.

May Drop Deserters

Gen. John E. Hull, U. S. and U. N. Far east commander, flew to Korea from his Tokyo headquarters and said he would consider the anti-Communist prisoners "civilians wherever they happen to be at midnight Friday night."

Hull and Gen. Maxwell Taylor, 8th Army commander, flew to the U. N. advance base at Munsan to be on hand when the prisoner transfer begins. They were to be joined by U. S. Army Secretary Robert T. Stevens.

Indian and Allied officers con-

Top 10 Felon Nabbed By FBI, In Chicago

CHICAGO (AP)—Franklin James Wilson, 52-year-old former convict and one of the FBI's 10 most wanted fugitives, was seized by federal agents Monday.

He offered no resistance as four agents arrested him in a South Side hotel. Kline E. Weatherford, special agent in charge of the FBI office in Chicago, said Wilson was wanted for jumping a \$30,000 bond in Chicago in August 1951. He was named as one of four bandits who attempted to rob the home of Mrs. Violet Bidwell Wolfner, owner of the Chicago Cardinals football team, on Aug. 4, 1951.

Site For Power Plant Discussed

Possible sites for an Escanaba municipal electric generating plant were discussed by Todd Gayeff, chairman of the city's Power Advisory Board, at a meeting of the Board held last night in City Hall.

Gayeff expressed the opinion that the city-owned area northeast of the Morley-Murphy Company (formerly Delta Hardware) building was too small for a generating plant. He favored a city-owned site on the bay shore north of the ore docks.

Rather than combine a generating plant and central steam heating plant, Gayeff favored installing a 500 kw turbine generator in the present steam plant. This would help the steam plant operate without incurring a deficit, he said.

The Advisory Board did not discuss the proposed 10-year power contract with the Alger-Delta Electric Cooperative Association. This is expected to be taken up at the next meeting of the Advisory Board Jan. 25.

Chairman Gayeff said that he did not believe the Power Advisory Board would be ready to report to the City Council until June 1, and indicated the Board will want to meet with Mead Corporation officials as a part of its study.

The City Council is preparing for a meeting later this month with Mead Corporation officials for a discussion of power contract and electric rate.

Before closing the meeting, Chairman Gayeff said that he had heard rumors that he was being accused of using the chairmanship to "carry out personal feelings." He denied this and said that he would be willing to relinquish the chairmanship at the next meeting if the members so decided.

Rotary Members Explain Values Of Service In Club

Six of the 10 oldest members of the Escanaba Rotary Club from the standpoint of years of membership told of the value and opportunities of Rotary service in a novel program presented at the regular meeting at the Delta Hotel yesterday.

Speakers were W. P. Schuldes, Charles Gunderson, Carl Sawyer, John Lemmer, Swan Johnson and Frank Beck. Others in the "top ten" are Lawrence Jacobs, Charles Gessner, James Degnan and Frank Andrews. Paul Snyder served as program chairman.

Schuldes listed the potato booster, Camp Harstad and honor student award luncheon meetings as the most outstanding on the club's schedule. Gunderson said he found Rotary "interesting and educational" and recalled briefly his attendance at an International Rotary meeting.

Sawyer said the club acted as a "sounding board for the city council" and he appreciated the opportunity Rotary gave him to meet many persons he would not otherwise meet.

Lemmer named the members of the club when he became a member in 1925 and mentioned that 1925 was the year the first crippled children's clinic was held, the year birthday donations were started and the year the club voted to award a watch to the Rotary girl.

All agreed that Rotary gave them an opportunity to make new friends and to continue to enjoy their friendships through regular meetings and that membership in Rotary was helpful when away from home.

Donald Trotter, of Escanaba, was a guest of the club.

Board To Pay Barron For Damage To Sheep

The Delta County Board of Supervisors this morning conducted a hearing on the claims of Frank Barron, Flat Rock farmer, for damage to sheep caused by dogs and voted unanimously to work out a settlement with Barron for the claims.

Barron has submitted three claims to the county, totaling \$664. The first claim, submitted last summer, is for \$400. The second claim was for \$72 and the third for \$192. All were for damages to Barron's sheep flock at various times during the past year.

The finance committee was instructed to confer with Barron and to recommend to the Board a settlement for the damages sustained.

Lost 58 Sheep

Barron testified that he has lost a total of 58 sheep within the past year. He said that actual cost to him for the deprivations by dogs was approximately \$2500, including the cost of corralling the sheep, maintaining watches at night and the loss in weight of the animals as a result of being chased by dogs.

John Seppi, Chatham, reported that he made an investigation at the Barron farm and was convinced that the damage was caused by dogs. He said that there was no evidence of coyotes in the vicinity and that teeth marks found on the hides of dead animals were those of dogs.

A. T. Schiberg, Gladstone justice of the peace, told the Board that he had made investigations of the killings at Barron's farm and was satisfied that the damages were caused by dogs. Schiberg reported that he took testimony from witnesses under oath, that the evidence indicated deprivations by dogs and that he, Schiberg, verified the market prices of lambs and ewes lost at the time of the complaints from Barron.

Killed Dog On Farm
Barron testified that when the first animals were lost, he suspected that they had been attacked by hawks or eagles but later it was evidenced that dogs were molesting the sheep, which had been purchased by Barron from New Zealand.

Barron recited his efforts to protect the sheep and told the Board that his farm aides killed a dog on the Barron farm on Christmas day, just as the dog was trying to get into the corral. He showed pictures of the sheep that had been killed the day before Christmas and a picture of the dog that had been killed on the Barron farm.

County Attorney Nick Chapekis told the Board that responsibility for damage by dogs to farm animals rests with the County Board of Supervisors and that the County Board is liable for such damages if it can be proved that dogs are the cause of such losses.

Dogs in the townships of Delta County have not been licensed, although licensing by supervisors is provided by statute.

Members of the Board indicated at the session this morning that it is essential to find a means of preventing further damage claims for dog damages and this problem was expected to be discussed again at the afternoon session of the Board.

Other Action by Board
Other action taken by the Board at the morning session follows:

Referred to finance committee a request by Sheriff William Miron that for purposes of social security taxes a value be placed upon benefits accruing to the sheriff for utilizing the county residence at the sheriff's office.

Heard a request from the register of deeds for \$200 to purchase additional shelving for the vault in the register of deeds' office.

Referred to the finance committee bids for publishing official proceedings of the Board of Supervisors.

Referred to the building and grounds committee a proposal from Needham Electric Company for modernizing the lighting in the courthouse.

Delegated Chairman Harold Gustafson to represent Delta County at the annual meeting of the Michigan Association of Supervisors to be held Jan. 6-28 at the Olds Hotel, Lansing.

Two Liquor Stores In New Buildings
Two state liquor stores in the Upper Peninsula are being housed in new buildings at Ironwood and St. Ignace, according to John C. Bennett, Lansing, director of state stores for the Michigan Liquor Control Commission.

Bennett is formerly of Escanaba, where he was manager of the Commission's office and warehouse here before his promotion.

The store at St. Ignace opened Jan. 6 in its new building, and the Ironwood store will be moved to a new building tomorrow. Both buildings are privately built and are rented by the state.

The Michigan Liquor Control Commission has recommended to the state legislature that it appropriate \$70,000 to purchase the liquor store, warehouse and office building at 816 Ludington, and a lot to the rear. The state now pays \$600 per month rental on the property.

Killed Dog On Farm
Barron testified that when the first animals were lost, he suspected that they had been attacked by hawks or eagles but later it was evidenced that dogs were molesting the sheep, which had been purchased by Barron from New Zealand.

Barron recited his efforts to protect the sheep and told the Board that his farm aides killed a dog on the Barron farm on Christmas day, just as the dog was trying to get into the corral. He showed pictures of the sheep that had been killed the day before Christmas and a picture of the dog that had been killed on the Barron farm.

County Attorney Nick Chapekis told the Board that responsibility for damage by dogs to farm animals rests with the County Board of Supervisors and that the County Board is liable for such damages if it can be proved that dogs are the cause of such losses.

Knut Edstrom Of Fox Dies

Knut William Edstrom, 85, a resident of Fox the past 66 years, died yesterday at the Menominee Convalescent Home where he had been a patient the past 12 days.

Born March 31, 1868, in Eskiluna, Sweden, Mr. Edstrom came to this country in 1887 and settled at Fox. He farmed there until his retirement.

His wife, Alta, died in 1951. He leaves one son, Edward of Glendale, Calif., two step-daughters, Mrs. Maynard (Muriel) Lee who is with her husband who is stationed with the U. S. Army in Regensburg, Germany, and Mrs. V. H. Meeker of Wimberley, Tex., and one grandson.

The body was taken to the Anderson Funeral Home where friends may call beginning Wednesday afternoon. Services will be conducted by the Rev. Gerald A. Bowen at the funeral home chapel Thursday at 2 p. m. Burial will be in Cedar River Cemetery.

LONG LIFE
Many of the big trees of California are known to be several thousand years old, and, under the protection they now receive, it is possible that some of them may reach an age of 10,000 years.

ADVERTISMENT

AN OPEN LETTER TO ARTHRITIS SUFFERERS

Route 9, Box 372
Saginaw, Michigan
August 22, 1953

Gentlemen:
After five years, I feel impelled to write you telling of my experiences with O-Jib-We Bitters. In August 1948, I was hanging up clothes, when out of a clear sky, I was suddenly attacked with pain so severe that I was unable to move. This pain continued for the next 10 days and nothing even relieved it. By that time I could do nothing but wait for it. By that time I was almost out of my mind with pain. I was sitting up. I was almost out of my mind with pain.

Finally I went to the hospital for x-rays and for treatment. It was diagnosed as acute rheumatoid arthritis of the spine. After 10 days of torture in the hospital, I was told to go home as they could do nothing for me.

By that time, I had suffered 20 days of the most excruciating pain anyone could imagine, and no hope of ever being free of it. I had a home and a baby to care for, so I mink in despair. The day after I came home from the hospital, my husband saw your ad in the Saginaw Gazette and asked me if I would like to try some O-Jib-We Bitters. I would try anything. I started taking it the same day and in 10 days the pain was gone, and by the end of the second week, I was completely well.

Now and then, however, the pain comes back to me, and so I always keep a bottle of O-Jib-We in the house, and as soon as the pain comes back, I start taking it. There is something in O-Jib-We Bitters that I need, but what it is, I don't know. I am eternally thankful for it. Anyway, it helps me and I am eternally thankful for it.

Sincerely,
Hilda Edstrom

Cancer Is Topic At Kiwanis Club

Early detection is the main hope in halting lung cancer, Escanaba Kiwanis Club members were told Monday by Dr. F. C. Anderson in a program devoted to a discussion of the nation's No. 2 killer disease.

Dr. Anderson said that lung cancer apparently was increasing more than other forms of cancer, but that part of the increase might be accounted for in improved diagnosis methods. Lung cancer is more prevalent among men, the doctor pointed out, the rate being about 9 to 1.

Smoke Cause Not Proven
Although figures indicate that there are more cancer victims among smokers than among non-smokers, Dr. Anderson declared that tests so far have not been conclusive, and the link between cigarette smoking and lung cancer has not been proven. Tars which result from a burning cigarette are blamed for encouraging the disease, and the speaker noted that no filters so far have been effective in removing this by-product of smoking. Cigars and pipes are less productive of these tars, mainly because cigar and pipe smokers do not inhale smoke. Commenting on the prevalence of cigarette smoking, Dr. Anderson pointed out that cigarette sales totaled enough to provide each person with 2,600 each year. When smoking a cigarette, tests show that the temperature of the mouth rises to 140 degrees.

Regular periodic examinations were advised in the fight against lung cancer, but Dr. Anderson declared that when x-rays show up cancer in the lung it is often too late. First symptoms listed were coughing, tiredness and chest pains. Smeared tests of sputum are being used extensively to detect the disease and most accurate of all is the bronchoscope.

Survey Continues
Representing the cancer society, Mrs. A. M. Gilbert also discussed aspects of cancer on the program calling attention to the fact that laboratory work is given free of charge in smear tests for cancer. She told of the smoker survey being conducted by the society and predicted conclusive figures when these tests are completed and the results analyzed. Mrs. Gilbert said that industrial and motor fumes are also being checked as possible breeders of lung cancer, and noted that in some instances the emphasis was shifting to the industrial smog danger rather than the smokers' danger in following up cancer causes.

A color-sound film, illustrating an actual case history of a lung cancer cured by x-ray detection and surgery, was shown at the close of the program. Miss Jean Miller of Gladstone, also of the cancer society, assisted in the presentation of the program. Arne Arntzen was program chairman.

Danforth
Danforth-Newhall PTA
A meeting of the Danforth-Newhall PTA was held and plans were made for purchasing playground equipment for the school. The entertainment for the evening was musical numbers presented by Orville Lantagne, Joe Butryn and Henry Mryczkowski. At the close of the meeting lunch was served.

Prepare To Open Eight New Adult School Courses

There will be an enrollment for eight additional classes in the Adult Evening School, on Wednesday, Jan. 20 at the Junior High School from 7:30 to 9:30 p. m.

At present there are 365 adults enrolled in the adult school, said Director Vernon Ihlenfeldt.

If anyone desires a course that is not listed, they should call the director at 2123 with their suggestions. If enough students can be found for a class, one will be formed.

The following is a list of the classes being offered, where they are to be held and the instructors for them:

Father & Son Shop—Monday, 7:30 to 9:30. Designed to give participants an opportunity to work together. It is an excellent opportunity for them to plan and build something useful. Instruction will be available as to the proper use of tools, and the safety factors that should be used. Instructor, Oliver Koski, Room 166 Jr. High.

Machine Shop—This course give training with actual operation of a particular machine or a combination of machines, to suit the desire of the student. The machines available for use are the engine lathe, milling machines, shapers, drill press and surface grinders. The class will be held on Wednesdays from 7 to 10 at the Technical School. Robert Hanson will be the instructor.

Woodworking—Monday, 7:00 to 10:00. Gives the student an opportunity to use modern power tools to ease their work in the construction and reconstruction of all types of furniture. Instruction will be available for those wanting information on upholstery, refinishing or making of furniture. Instructor: Erwin Wolff, Technical School.

Everyday Law—Tuesday, 7:30 to 9:30. Ignorance of the law excuses no one. Everyone at some time or other needs legal knowledge to protect him from making costly mistakes. Everyday Law is intended to keep people in every walk of life alert to meet business or domestic problems which have legal implications. Delta County Bar Association, Room 253, Jr. High.

Lip Reading—Monday, 7:30 to 9:30. This course trains the hard of hearing to understand what others say by reading the lips of the person speaking. The ability to read the lips makes a hearing aid more effectual, clarifies sound for the slightly deafened, or provides a hearing substitute for the severely deafened. The course will help these people in their social and business contacts. Instructor: Jim Smelser, Room 253, Junior High.

Leathercraft—Monday, 7:30 to 9:30. Provides an opportunity to learn how to make or decorate such useful things as leather handbags, bill folds, key-tainers, book covers, desk sets, moccasins and belts. Group and individual instruction will be given in tooling, stamping, carving and other processes involved in leathercraft. Conrad Olson, Library, Junior High.

Beginning Typing—Monday and Thursdays, 7:30 to 9:30. This class provides the basic fundamentals of typewriting. The standard keyboard will be taught. There will be accuracy tests and speed tests to improve your ability to type. The typing class will be offered two nights a week to facilitate quicker learning. Instructor: Jack Magnuson, Room 301, Senior High.

Wall Street

NEW YORK (P)—Trading picked up speed today as the stock market advanced moderately. Gains ran to around a point at the best. Respite the rise, however, many small minus signs remained in the lists.

Trading pace was around Monday's 1,580,000. Oils were in demand together with the steels, motors, distillers, railroads, utilities, and some chemicals and coppers.

General Motors gained a point on the news that a billion dollar expansion program is planned for the next two years.

Higher stocks included Southern Railway, Sunray Oil, Richfield Oil Universal Pictures, Phillips Petroleum, American Telephone, Consolidated Natural Gas, Du Pont, U. S. Steel, Chrysler, Douglas Aircraft, and National Distillers.

Lower were Chesapeake & Ohio, United Air Lines, Consolidated Edison, American Woolen, Goodrich, and United Aircraft.

U. S. government securities in the over the counter market were steady to higher.

Recruiting Drive For National Guard Begun In County

The National Guard Army at 400 N. 23rd St., has been designated as the recruiting center for the drive for new members. New guardsmen will be enlisted to bring Co. C 107th Engineers up to full strength.

Recruiting personnel will be on duty there from 8 to 5 each day except Saturday, during the recruiting drive. The drive will continue through the month of March, according to Capt. Roy J. Johnson, commanding officer of the local National Guard company.

There are approximately 50 vacancies in the local engineer unit, with special job openings for carpenters, demolition men, truck drivers, cooks and general pioneers. The current drive is aimed at raising the unit to its full strength, for coming spring outdoor training and summer camp in August.

The National Guard wants physically and mentally qualified young men between the ages of 17 and 35. The 107th engineers has one drill period each week, and climaxes its training year with two weeks at summer camp. National Guardsmen receive the pay and allowances of their corresponding ranks in the Regular Army, and average about one-sixth the annual pay of a regular. Membership in the National Guard does not interfere with normal civilian pursuits, Capt. Johnson, emphasized. Members of the guard between the ages of 17 and 18½ are exempt from selective service so long as they remain active in the guard unit, to which they have joined.

Lt. George C. Anderson, public information officer for the local unit, is director of the current recruiting drive with Pfc. Donald

Mead Corporation Declares Dividend

DAYTON, Ohio — Directors of The Mead Corporation today declared a quarterly dividend of 45c per share on the common shares, and the quarterly dividend of \$1.0625 per share on the 4¼% cumulative preferred shares. The dividends are payable March 1, 1954 to holders of record Feb. 2, 1954. The transfer books will not be closed.

Semester Exams Begin Wednesday At Escanaba High

First semester examination at Escanaba High School will be given Wednesday and Thursday, Jan. 20 and 21, Principal Edward E. Edick announced.

The examination schedule follows:

Wednesday—8:30, English 10, 11 and 12; senior business, fundamentals, related; 10 a. m., history 10 and 11, government, effective living and sociology; 1 p. m., junior business, geometry, book-keeping, algebra 3 and 4, functional math and machine shop; 2:30 p. m., home economics, wood-working, Latin 1 and 2, Spanish 2, French, radio and stenography.

Thursday—8:30, biology, chemistry, physics, machines, community health, auto shop, conservation, journalism and printing; 10 a. m., orchestra, band, chorus; 1 p. m., drafting, welding, art; 2:30, shorthand.

Before settlers came to America, Indian bird lovers attracted martins to their teepees by attaching hollow gourd nesting boxes to tent poles.

Commander E. F. McDonald Jr.
Zenith Radio Corporation
Hearing Aids
Chicago, Ill.

Dear Commander:

Nine times out of ten when a man sits down to write an open letter, he's got a gripe he wants to get off his chest. Well, this letter is that "one out of ten"—it's a pat-on-the-back for a fine company that has some praise due it.

What I'm trying to say is that I think you folks at the Zenith company, makers of those world famous radio and television receivers, have turned out a new hearing aid which is destined to be world famous too. Of course, every Zenith Hearing Aid I've ever sold has always been outstanding, but to my way of thinking your new 3-transistor "Royal-T" Hearing Aid, with no tubes, is the masterpiece of all.

But that's what I like about selling your Zenith Hearing Aids. You always seem to be trying to outdo yourself to make a finer hearing aid. That's important. Another important thing is the fact Zenith Aids are priced low. My customers could pay \$200, \$250 . . . any price . . . for other makes, but they still couldn't get a finer aid than the Zenith.

I'm not forgetting that my own profits are lower per instrument when I sell Zenith Hearing Aids. But here is a funny thing. Funny? I mean, wonderful. Although I make a relatively small profit on each Zenith Hearing Aid, I don't mind a bit. How come? Because I make more sales . . . and, of equal importance, I make more staunch friends for myself and Zenith. And at the same time I'm helping to "lower the cost of hearing."

If the "Royal-T" sold for over \$200—as is the case with some other transistor hearing aids—I could very easily allow a trade-in of \$50 or so on my customers' old instruments. But my margin is too small to permit taking a loss on trade-ins. And you can be sure my customers know the facts. They can buy a "Royal-T" for only \$125, keep their vacuum-tube hearing aid for a spare and have two hearing aids for less than what some other 3-transistor aids would cost even with a trade-in of \$50 or so. And do they like the unbelievable low battery operating cost of only 15c a month the "Royal-T" offers!

I like what Zenith makes possible for me to offer hard-of-hearing folks. When I sell a Zenith Aid, I can say "try it for ten days on Zenith's guarantee—try it at home, work, church, theater, anywhere. And if you don't hear better, simply return the instrument in 10 days and get back your money."

I like Zenith's After-Purchase Protection Plan . . . a 5-year deal that, to my knowledge, can't be beat. I like Zenith's 1-year Written Parts Warranty. And do my customers like those features!

To sum it all up: thank you Zenith . . . and I only wish there were more organizations like yours in this old world of ours. You and the public now know why I am proud to handle Zenith Hearing Aids.

Most sincerely,
Meads

Editorials—

Closing Bloodmobiles Will Put Emphasis On Local Blood Banks

THE Michigan Department of Health has announced plans to discontinue its bloodmobile service, effective Feb. 26, which means that much greater emphasis must be placed upon the local blood banks for supplying whole blood, plasma and several other blood products.

The Escanaba blood bank at St. Francis Hospital has been a source of supply of whole blood for some time but its importance will be further increased by the discontinuance of the bloodmobile service. The blood bank not only will be the only source of whole supply for local needs but it will also be expected to provide sufficient surplus and outdated blood for plasma requirements locally. Most of these requirements formerly were met from the blood collected by the mobile units in their periodic visits to Delta County.

The standard practice at the blood bank is to require a replacement of two pints of blood for each pint withdrawn. This not only guarantees maintenance of an adequate supply of blood but also provides a supply for processing into plasma and other blood derivatives when the whole blood becomes outdated and is no longer safe for direct transfusion.

Some times it has been difficult to get replacements for whole blood drawn from the local blood bank, particularly during

the periods or shortly after the periods when the bloodmobile has been here. The hundreds of pints of blood that have been contributed by local donors annually for the periodic collections of the bloodmobile should now be available to keep the local blood bank well filled at all times.

Ike's Farm Problem Plans Make Sense

BY any realistic election-year measure, President Eisenhower's farm program embodying the principle of flexible price supports has very little prospect of approval.

The existing policy of high, rigid farm price supports is obviously an unsatisfactory solution to the agricultural problem. Most farmers themselves will admit that, privately if not otherwise.

The outstanding feature of present law is that it encourages farmers to produce, not for the market, but for storage. Government warehouses are bulging with a variety of commodities taken off farmers' hands in keeping with the support program. These surpluses constitute a travesty on economic planning.

Yet many years of operating under the high, fixed support arrangement have led most farmers to identify this plan tightly with their personal well-being. With all its faults, they prefer it to some other, untried system—whatever its advertised virtues for them and the general public.

Politicians understand this mood, indeed, often seem to encourage it. So it would be the height of folly to expect Congress in an election year to risk the political peril inherent in any new farm policy.

At the very best, one might hope for some kind of compromise that might continue rigid supports for a time but lead gradually into a more discriminating flexible system at a future date.

After all, Mr. Eisenhower's administration has given a year's intensive study to the farm problem, and has emerged with a detailed program drafted scrupulously—crop by crop—to provide a saner result for all concerned. It would seem a great pity for all this intelligent effort to be wasted simply because Congress has the standard, election-year trembles.

Whether or not Mr. Eisenhower's flexible plan makes any headway, Congress will find itself virtually compelled to attend to one part of the President's farm program: the disposition of huge surpluses now accumulating.

Other Editorial Comments

PUBLICITY (Dallas News)

It would be better if all government payments to individuals were generally known. That would make less likely the payment of pensions to veterans who don't deserve them. It would shrink checks to wealthy landowners for avoiding the planting of crops. It would make some well-heeled people hesitate to obtain old-age assistance for their parents. It would take a lot of free riders off the gravy train.

Questions and Answers

Q—I've read that many people have invoked the Fifth amendment in refusing to answer certain questions before some Congressional committees. What does this amendment say?

A—The Fifth amendment states: "No person shall be held to answer for a capital or otherwise infamous crime unless on a presentment or indictment of a Grand Jury, except in cases arising in the land or naval forces, or in the militia when in actual service, in time of war or public danger; nor shall any person be subject for the same offense to be twice put in jeopardy of life and limb; nor shall be compelled in any criminal case to be a witness against himself, nor be deprived of life, liberty, or property, without due process of law; nor shall private property be taken for public use without just compensation."

A preacher says that married life is like a sweet song. Agreed—if there's plenty of harmony.

A failure is anybody born with a silver spoon in his mouth who refuses to stir for himself later on in life.

The Doctor Says... Diabetes in Children Is Considered Prime Danger

By EDWIN P. JORDAN, M.D. — Written for NEA Service

The American Diabetes Society, which has for several years conducted annual diabetes detection drives, will this year emphasize diabetes in children.

The principal aspect of the campaign is to find those youngsters who have diabetes and do not know it and to bring them under medical control which will permit them to live normal lives. Although diabetes is not as common among children as adults, when it does occur it is likely to be fatal unless brought under early control.

During November many communities conducted mass testing programs for the examination for diabetes of pupils in school. I do not yet know the results, but it probably is safe to say that a considerable number of youngsters were found with diabetes.

This is all to the good since there is no need for panic, but rather with the dietary information and availability of insulin, a diabetic youngster can usually be managed so that he or she can live normally and avoid the risks which are present if the

disease has gone undetected. The main purpose of treatment is to make sure sugar is properly used and that none of it escapes into the urine. Sometimes this can be done by dieting alone, but if insulin is needed the amount and the time of giving it have to be carefully worked out. Too much insulin or insulin at the wrong time can produce undesirable reactions.

Diabetes Cause Unknown

What causes diabetes is not known. Heredity is an important factor, and certainly diabetes seems to run in some families. Youngsters coming from families having diabetes should be carefully watched.

Much difficulty comes from failure to follow directions exactly. Patients, old as well as young, often seem to think that they know more than the doctor; sometimes the temptation to eat the wrong foods is just too great. Carelessness is dangerous because there are many serious complications.

Merry-Go-Round

By DREW PEARSON

WASHINGTON—It isn't being advertised, but the Air Force will send high-flying observation planes and guided missiles in to the upper atmosphere for a closer look at the planet Mars in June when Mars will approach nearer to the earth than at any time in the last 13 years.

Flying-saucer enthusiasts claim that the elusive saucers have always been spotted in greater numbers when Mars is close to the earth. The Air Force is skeptical about this, since no evidence has been uncovered linking flying saucers with other planets.

However, astronomers have noticed straight lines across the face of Mars, leading down from the polar caps. These could be canals, dug by intelligent beings to carry irrigation water from the melting glaciers to warmer regions, they admit.

In any case, the Air Force will cooperate with scientists by sending up observation planes and guided missiles for a closer look, while Mars is near the earth this spring. The missiles will be equipped with special instruments trained on Mars, and will be shot into the stratosphere. In addition, a scientific expedition will journey to Bloemfontein, South Africa, which will be the closest point on earth from which to observe our neighbor planet.

Meanwhile, the Air Force has compiled a special report, as yet unpublished, summing up its findings on flying saucers. This acknowledges that 20 per cent of the flying-saucer reports "cannot be definitely associated with familiar things."

INSUFFICIENT DATA

"The difficulty in evaluating these unexplained reports," according to the Air Force document, "is based largely upon the insufficiency of accurate basic data such as size, shape, composition, and flight characteristics of the objects."

"The majority of reports of aerial phenomena have come from civilians," continued the document. "About 8 per cent come from civil airlines pilots, while approximately 25 per cent are reported by military personnel. Reports have been received also from highly qualified scientists."

The Air Force adds that it "has received many reports of unusual images of radar-screens," but points out that "it is fairly well established that some of these images are ground objects reflected from a layer of warm air above the earth."

"No orders have been issued by the Air Defense Command to its fighter units to fire on unidentified aerial phenomena," states the flying-saucer report. "The Air Defense Command is charged with air defense of the United States, and its mission is to attack anything airborne which is known or appears to be hostile. This should not be interpreted to mean that our pilots will fire haphazardly on anything that flies."

In an attempt to photograph a flying saucer, the Air Force will set up diffraction-grating cameras at various air towers and also use "a continuously operating Schmidt telescope equipped with a camera. This telescope has a wide aperture lens and is capable of covering a cone of 150 degrees or nearly the whole sky from horizon to horizon. This equipment will make it possible to get on a series of photographic plates a complete record of what happens in the sky at night."

IKE VS. FEPC

Negro leaders came away from a White House meeting the other day disappointed in the President's stand on fair employment, but convinced of one thing—there is no intolerance in Ike.

"Segregation and discrimination because of race or color has no place in a free country," Ike declared firmly. "I will do all in my power as President to get rid of it."

However, the President refused to go along with his visitors, representing the National Association for the Advancement of Colored People, on dealing with unfair employment practices. They contended that the only way to combat race discrimination in employment is to have a law on the books, such as the Fair Employment Practices Act, protecting workers against intolerant employers.

"That's where we disagree, though I will go along with you that there are biased employers in this country," replied Eisenhower. "While I don't approve of these people, neither do I approve of using any sort of compulsion on anyone regarding employment in a place of business. I also have doubts about the jurisdiction of a federal FEPC commission in the various states under our constitution."

The President demonstrated that he is making a real effort to keep abreast of racial intolerance in government projects. When N. A. A. C. P. Director Walter White told him that slum clearance in some areas meant that Negroes were moved out but couldn't move back after new housing was provided, Ike seemed to know about it.

"I know there has been some discrimination in that matter, and I have talked it over with housing officials," he agreed earnestly. "I think anything like that is intolerable. I can assure you that something will be done about it. Under no circumstances should federal assistance be given to anything to promote segregation."

Into The Past

10 YEARS AGO

Manistique—The Manistique American Legion post has received an American flag that once flew over the national capitol in Washington, D. C. The gift came through courtesy of F. M. Bradley, congressman.

Gladstone—Miss Pauline Gamach submitted to an appendectomy at St. Francis hospital.

Escanaba—Mrs. Hildur Turnquist will direct the activities of the Escanaba Figure Skating Club in the annual Ice Revue.

20 YEARS AGO

Escanaba—One of the largest shipments of fish ever to be shipped out of here went to the New York market yesterday. The shipment consisted of 19 tons of live suckers.

Escanaba—The building and grounds committee of the Delta county board of supervisors has hired an architect to draw up plans for a new county court house.

A writer contends that most girls haven't any particular view on kissing, but that because they don't keep their eyes open

"So Much for Business—Now About November..."

Costa Rica's New President Wants Bigger Piece Of Banana

SAN JOSE, Costa Rica—(NEA)—Jose Figueres wants a bigger share of the banana.

Figueres is the new, bouncing, half-pint president of Costa Rica. The banana is Costa Rica's principal industry. There's also coffee, hemp and minerals—but mostly it's the millions of pale green bananas shipped northward to the U. S. that Figueres wants to slice up more equitably, as he sees it, for his people.

In a small way this is the story of the Iranians, their oil and the British refiners at Abadan. The British refused to give the Iranians the division they wanted so the Iranians threw them out and nationalized the refineries.

Figueres, who is ardently anti-Red and pro-U. S., a former student at the Massachusetts Institute of Technology, doesn't want to throw out United Fruit Company, the banana colossus of Central America.

What he wants now is 50 per cent of the proceeds of foreign investments here instead of the 15 per cent tax contracted for in 1949.

But eventually he wants the whole banana.

"Hemispheric policy demands the gradual withdrawal of foreign capital," he told a group of American newsmen who came here at the time of his inauguration. "But that can be done without confiscation or violence."

Eventually, he told us, he would like to see Costa Ricans handling all aspects of production down to the dock side—including the profits. There the bananas (or coffee or other products of Costa Rica's labor) would be turned over to U. S. shippers, who would make their profit on distribution rights.

Figueres is acclaimed as the last great hope of Central America by some but by others as dangerously socialistic. He's 5 feet 3, 47 years old, divorced and childless. He neither drinks nor smokes. He is a keen student of economics and fluent in English.

Figueres took office under the eyes of delegations from 40 nations and with the blessing of the Roman Catholic Church. "I want to overcome the dividing of rich and powerful countries from poor countries," he said. "I favor Costa Rican ownership of its land and industries, not absentee ownership by strangling foreigners."

We know that every period of inflation in history has been followed by deflation. What we are

interested in is bringing about the deflation in an orderly manner.—Allan B. Kline, American Farm Bureau Federation.

The Soviet Union now seems to be engaged in consolidating its position at home and in its satellites.—Secretary of State Dulles.

There will be no tax cuts at the risk of our nation's safety.—House Speaker Martin.

With each month that passes we discover new and profitable military uses for atomic energy—both for offense and defense.—Rep. W. Sterling Cole.

In the United States, the Army, the Navy, the Air Force, and the Marine Corps are all capable of putting the (atomic) weapon to military use.—President Eisenhower.

We have got to have four-year men. If we are forced to the two-year draft term, it would be the end of the Air Force.—Lt. Gen. Emmett O'Donnell.

I may keep on riding forever. I would rather ride than do anything else. Why should I retire?—Jockey Johnny Longden, 43.

Don't mix alcohol and gas, drive like everybody else on the road has been celebrating. And keep right on driving with extra care and common sense through all of 1954.—Ned H. Dearborn, National Safety Council.

We will continue to regard America's ability and the needs of other nations as the determining factors in voting for foreign aid in the next Congress.—Sen. Guy Gillette (D., Ia.).

They (ermine bathing suit, gloves and boots) make me look like a little Santa Claus, or at least like a snow bunny.—Actress Terry Moore.

So They Say

I have repeatedly said we have no desire for what is called a position of leadership in Asia or anywhere else.—Indian Premier Nehru.

I will get on the scale and be weighed. But it is unlikely that I will be given my weight in platinum, for certain states, less rich than others, have not been able to furnish their share of the platinum.—Aga Khan, on his sixty-seventh birthday.

Peace will reign only when the power-mad aggressiveness of communism is utterly destroyed.—Syngman Rhee.

The President is acting in good faith in calling them (Democrats) in to talk it (the administration program) over.—Senator Ferguson (R., Mich.).

We know that every period of inflation in history has been followed by deflation. What we are

in rate exchanges." However, he admitted, United Fruit has done many good things as well as bad.

"They have created a modern, scientific banana-raising technique, opened and developed the market for our bananas, built up a transportation system and have materially contributed to the wealth of the hemisphere," he explained.

But he is determined ultimately to buy out all United Fruit holdings and sell the land to small Costa Rican farmers. He plans also to take over the services which the Company is now operating, such as schools, hospitals and airports. However, he says he will ask the company to continue in perpetuity as selling and distributing agents.

"All this can be accomplished without loss to investors and without any illegality," he asserted. "We hope to get the money from an Import-Export loan which we can amortize over the years as Costa Rica develops her own economy."

In the meantime, however, he wants to tax 50 per cent of the take.

Good Evening...

By CLINT DUNATHAN

THE GOOD TURN—Many Escanaba citizens who are never appointed to municipal boards or commissions serve the city in one capacity or another—voluntarily and without thinking that they are doing their town a good turn.

A number of residents whose homes are in the vicinity of fire hydrants have, without being asked, shoveled the snow away from the hydrants after a snowstorm, reports Safety Director Glen S. Leonard.

"This has happened several times during the winter in some places, and the firemen who have to clear away the snow from all the hydrants in the city with hand shovels, really appreciate the help," Leonard said.

After a big storm it takes three or four days for the firemen to get all of the fire plugs in the city cleared. Meanwhile, if the nearby residents swing their shovels as volunteers, the hydrants are cleared more quickly and there is less possibility of delay of getting water onto a fire if a blaze should start, the safety director noted.

TALENT SCOUTS—Escanaba people have long been noted for their ability to produce musical entertainments—and their appreciation of their own music. The number of successful "home-talent" shows proves it.

Now the community has an opportunity to "scout" for really talented young entertainers—and give them a chance to appear in an Escanaba Junior Chamber of Commerce-sponsored talent contest and compete for valuable prizes.

The JayCee talent show committee comprises Dr. A. Gossan, T. D. Vinette and Al Lord. They are hoping that Escanaba will really become interested and "help us bring out talented youngsters."

Contestants must come from Escanaba, must not yet have graduated from High School, and must file application with Al Lord, audition chairman, 302 N. 18th St.

Auditions will be held at the Delta Music Center March 31, and the contest is scheduled for April 27 in Bonifas Auditorium. Part of the proceeds from the talent show will be donated to the Karas Memorial Bandshell fund.

There will be prizes for winners in the JayCees talent show and in addition the winner will have the opportunity to compete in an Upper Peninsula-wide contest to be held at the U. P. State Fair. First place winner at the U. P. State Fair show will receive a \$150 and \$100 expense money to attend a radio and TV show on which he or she will appear.

The JayCees feel that this is one of the finest opportunities ever offered talented Escanaba youngsters. There are attractive prizes, the possibility of finding a spot in radio or TV, and the incentive to develop a talent that will bring pleasure to thousands in the future.

THE NEWCOMERS—Escanaba has an organization that is several years old, but its membership includes many of the city's newest residents.

The Newcomers' Club is active in its own program of making the newcomers welcome to the community, bringing them into friendship with residents who have lived here for a number of years. Out of the acquaintanceship comes a better understanding of the city and a feeling of "belonging."

Now the Newcomers' Club is embarked on a community project that will bring plaudits from all of our citizens, no matter how short or how long their residence here.

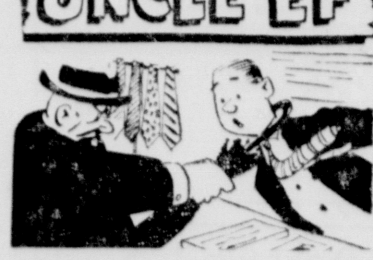

For the Newcomers' Club is backing the Mothers' March to aid the March of Dimes fund campaign to fight polio. The Mothers' March is scheduled for Jan. 28. When you give to the Mothers' March this year you will know that behind the fund drive are Escanaba's "newest" citizens who are making a working contribution to a worthwhile project.

PARK FOR POLIO—At Lincoln, Ill., thanks to the thoughtfulness of the City Council, the March of Dimes was materially assisted by the donation of one day's parking meter collections to the polio fund.

Reported the Lincoln Evening Courier: "Since coins from the meters go to this cause on the designated 'Park for Polio' day, motorists who use the meters need not be stingy with their coins. They can use dimes where they ordinarily would put in pennies—or nickels."

The item from the Lincoln, Ill., newspaper was directed to our attention by an Escanaba woman who, for many years, has been giving her time and effort to worthy civic projects. Perhaps it may suggest a "Park for Polio" day in Escanaba this month.

UNCLE EF

Everett True hooked the handle of his umbrella around the neck of a salesman and pulled him clear over the counter because he persisted in trying to sell Everett shirts, ties and socks when all he wanted was a pair of suspenders.

One Billion Dollar Expansion Program Announced By G. M.

NEW YORK (AP)—General Motors today announced another one billion dollar expansion program. Sixty per cent of the funds will be spent this year and the remainder by the fall of 1955. The program is designed mainly to provide additional capacity for GM's automotive divisions.

Harlow H. Curtice, GM president, disclosed the undertaking along with an optimistic outlook on business prospects in an address to 500 business and industrial leaders at a luncheon preliminary to the opening Thursday of GM's Motorama of 1954. General Motors has spent two billion dollars on expansion since World War II.

No Fear of Depression

Curtice predicted a gross national product this year "approximately equal to the 365 billion estimated for 1953."

"No depression is in my vision," he said. "It is my belief the national economy will be strong and healthy throughout the year."

He said he looked for little change in the over-all level of employment. "Consumer expenditures should continue substantially at present high levels as a result of well-sustained incomes and

over taxes," he said.

He predicted General Motors' volume of sales "in physical and dollar terms in 1954, should not be far from the high level attained in 1953. Last year, he reported, GM's dollar sales exceeded nine billion dollars "by a substantial amount."

For the auto industry specifically, the GM president said, "I estimate the domestic market should absorb in the area of 6,300,000 cars and trucks. Unit production, including Canada and for export, should approximate seven million cars and trucks."

Factory sales in the domestic market last year, he said, totaled seven million cars and trucks. Including Canada and units produced for export, industry sales amounted to about 7,800,000 units, the second largest volume in history.

"There is one danger we must

guard against—and that is psychological," Curtice said. "If those who persist in taking a pessimistic view of the future succeed in planting fear in the minds of the public, those seeds of fear could take root and the result might be the very condition we seek to avoid."

Public confidence, he said, "is a key factor in maintaining a high level of economic activity."

Curtice did not detail just where GM will spend the billion dollars involved in the expansion program.

The program, he said, "is being undertaken at this time to assure General Motors adequate capacity to enable us to keep pace with the normal growth of the market as we appraise it for the future."

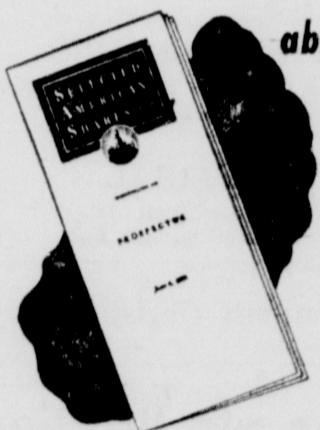

The demands of the expansion

Hungarian Partridge To Be Tried Again In Pickford Region

By JAMES A. O. CROWE
Outdoor Writer

A new attempt to establish Hungarian partridge in the Upper Peninsula is about to be made. D. W. Douglass of the Conservation Department game division reports.

Details of an exchange with Ontario in which the Canadians will supply the Hungarians for Michigan sharp-tailed grouse are being worked out.

Ontario Birds Tougher

The plan is to release between 50 and 100 of the European game

birds near Pickford in the hope that the fast, little "hunkies" will take hold and become a new game species.

The birds, which in size are somewhere between native grouse and quail, were unsuccessfully released in the late '40s in Delta and Menominee counties. These birds, however, were of a different strain than those which have established themselves and are providing hunting in Ontario.

"Our hope is that the Ontario birds are tougher and will catch on this time," said Douglass.

project, he continued, "were one of the reasons for our recent 300 million dollar debt financing." Other reasons, he said, included need for working capital occasioned by rapidly growing sales volume; substantial advances by GM to some of its steel suppliers, and for taxes.

The Marquette Mining Journal which carried the first story about the proposed new introduction of Hungarian partridge, also reminded that an even more spectacular introduction attempt was made in the Upper Peninsula just 32 years ago.

It was in March, 1922, that 60

reindeer—or more properly caribou—were released in four-square mile enclosure near Newberry by the Conservation department. They had been imported from Norway at a cost of \$125 each plus shipping costs.

The herd reproduced for a couple of years, but by the spring of 1927 they had all died off but one.

They had been introduced in the area because of a good supply of reindeer moss ground lichen, but biologists concluded that the moss

was deficient in some necessary element.

William Hopkins of Kalamazoo bagged a coal-black rabbit while hunting southwest of Marcellus, the Kalamazoo Gazette reported. The unusual bunny might have been the product of "melanism," the opposite of albinism. Conservation Department game experts suggested the possibility it was an escaped domestic rabbit.

Just a reminder that there are

Audrey Kositzke Becomes Bride Of William Pinar

The Rev. Francis A. Hollenbach performed the double ring ceremony for the marriage of Miss Audrey Anne Kositzke, 219 S. 17th St., to William Pinar of Wells. The wedding took place at St. Patrick's Church Jan. 16 at 9 a. m.

Miss Kositzke is the daughter of Mr. and Mrs. Robert Kositzke, 219 S. 18th St. Mr. Pinar is the son of Mrs. Ruby Pinar, Wells.

Bridal attendants were Mrs. Robert Plane as matron of honor, and Mrs. Doris Dube as bridesmaid. Attending the bridegroom were the best man, Robert Plane, and Rudy Pinar.

White Slipper Satin

The bride, who was given in marriage by her brother, James Kositzke, wore a gown of white slipper satin with a bodice styled with a shirred nylon yoke. The bouffant skirt detailed with scalloped applique panels ended in a long cathedral train. Her fingertip veil was caught to a jewel embroidered lace cap. She carried a cascade bouquet of white pompons and carnations and red roses.

Gowns of white were worn by the maid of honor and bridesmaid. Mrs. Plane's gown was styled with a lace bodice, cap sleeves and a full net skirt over taffeta. A gown styled with a strapless lace bodice with a matching lace jacket and a bouffant net skirt over taffeta was worn by Mrs. Dube. They carried cascade bouquets of red roses and white pompons edged in white maline.

Mrs. Kositzke attended her daughter's wedding attired in a navy dress with black accessories. The mother of the bridegroom wore a tailored black suit with gray accessories. They both wore corsages of red roses.

Home in Milwaukee

A wedding breakfast for the bridal party and the immediate families was served at the Sherman Hotel. A dinner was held at Potvin's Fireside Room at Schaffer. At the wedding reception and dance, held at the Knights of Columbus Hall for 200 guests, Miss Dorothy Seymour poured and Miss Gladys Pinar, sister of the bridegroom, served the cake.

The newlyweds have left for Milwaukee where they will make their home. Mr. Pinar is employed by the Pittsburg Steamship Co. Both attended Escanaba Senior High School.

Out-of-town guests were Mr. and Mrs. Michael Pinar, Miss Dolores Cook and Jacob Marenti of Kenton, Mich.; Mr. and Mrs. Henry Seymour, Trenary; Miss Patricia Wilson, Indianapolis, Ind.; and James Kositzke, Mrs. Elmer Pearson and Mrs. Peggy Harvey, Chicago.

Mary Ellen Servant, Kenneth McVay Are Wed In Cincinnati

Our Lady of Victory Church in Cincinnati, Ohio, was the setting for the marriage of Miss Mary Ellen Servant, daughter of Mrs. Flora Servant, 637 N. 18th St., and the late Alex Servant, to Kenneth McVay, son of Mrs. Marie McVay of Cincinnati and the late Frank McVay.

Fr. Kuntz performed the 2 p. m. ceremony which took place Jan. 16.

Attending the couple were Miss Dolores Huber as maid of honor and Dan Sandu, son of best man. The newlyweds will reside at Cincinnati.

Those attending the wedding from Escanaba were Mr. and Mrs. William C. Servant and Lloyd Servant.

Barbara Carroll Head Of Sorority

Miss Barbara Carroll, niece of Mr. and Mrs. Harry C. Nelson, 713 5th Ave. S., with whom she makes her home, has been elected president of her sorority, Sigma Sigma Sigma at Michigan State Normal College, Ypsilanti. Miss Carroll who is in her senior year is an orthopedic major in special education.

Women's Activities

ENGAGED — Mr. and Mrs. F. W. Swanson of Crystal Lake, Ill., announce the engagement of their daughter, Charlene, to Harold Sundelius, son of Mr. and Mrs. Herbert Sundelius of 1003 Lake Shore Drive, Escanaba. No wedding date has been set.

Altar Society Meets At St. Joseph Hall Wednesday Night

St. Joseph's Altar Society will hold its monthly meeting Wednesday, Jan. 20, at 8 p. m. in the parish hall. The business meeting will be followed by cards.

Lunch will be served by Mrs. Eldridge Baker and Mrs. George Anderson and their hostess committee.

Members of the committee are Mesdames Earl Aiken, James Ashland, Arnold Alsten, Louis Archibald, Joseph Anzalone, Casper Aberly, Helen Ahlquist, Jacob Ammel, Bernard Ammel, Donald Armstrong, John Bryak, Glen Billy, John Baribeau, John Bartel, William Beckstrom, Michael Bink, E. J. Bayden, Augusta Beery, Earl Brown, Arthur Bryson, Francis C. Boyce, Nellie Boda, Catherine Berens, Joseph Beitzer, Frank Beaudry, Mae Brazeau, Henry Bunno, L. W. Buckley, Eva Brazeau, Elmer Brazeau, Jesse Bryson, Nels Bergeon and William Cook and Miss Mary Bink.

Reception Of New Members At Third Order Conference

Reception of a group of candidates into the Third Order of St. Francis was held Sunday afternoon at St. Joseph's Church with Father Colman Higdon, OFM, spiritual director, conducting the service.

Those received into the order were Mrs. Henry Bussineau, Mrs. Gerald J. Cleary, Miss Grace Flynn, Mrs. Maurice Flynn, Mrs. Louis P. Groos, Mrs. Francis Gunville, Miss Helen Howe, Mrs. Lillian D. Lyons, Mrs. Clarence Moreau, Mrs. William F. Shepeck, Mrs. Anna Taylor, Mrs. W. R. Whitburn, Joseph B. Cholette, Paul LaViolette, Grant Markham, Ivan J. McCauley and Paul Vardigan Jr.

The reception took place at the regular monthly conference of the Third Order.

Comparative Study Reports At League Meeting Last Evening

The League of Women Voters met last night at the Carnegie Library to continue its study of Delta County. Mrs. John Anthony, Mrs. Robert Mosenfelder, and Mrs. Frank Neumeier presented the results of their comparison of Delta County to other counties in the state of approximate population and equalized valuation.

Mrs. Anthony stressed the fact in opening the discussion that although the counties chosen are comparable to Delta County in population and equalized valuation there are, nevertheless, varying conditions which influence the operation of the counties and must be taken into consideration in any comparative study.

Mrs. Anthony exhibited graphs showing the upward trends of county expenditures and revenues in the whole state from 1944 to 1952. In this eight-year span county revenues increased from about 70 million dollars to 163 million. Also, total county expenditures increased from about 61 million dollars to 168 million. Another graph was presented which showed what percentage of their budget six counties in the Upper Peninsula devoted to administration expenses, highways, and welfare. An interesting fact was discovered in making this study. It is that of the 83 counties in Michigan, six of them spend over 40% of their budget for welfare. Of these six counties, four of them, Marquette, Delta, Houghton and Dickinson, are in the Upper Peninsula.

Delta Is Lowest

Mrs. Neumeier chose 16 counties in Michigan of similar population and valuation to Delta County and compared them with regard to administrative and operating costs. In almost all phases of operating costs Delta County was the lowest. Delta County has a population of 32,913. In 16 counties having a population of from 27,000 to 37,000 only two counties showed less operating costs. Per capita, Delta County has the lowest operating expense of all 83 counties in Michigan.

Mrs. Mosenfelder made a report on the Delta County Road Commission. She began by explaining that the physical factors of our county greatly influence the work of the Road Commission. For instance, the fact that Delta County has two bays, two peninsulas, plus the major land masses creates extra miles of road and great distances so that 5 county garages are necessary and many extra pieces of equipment as well as men. Also, the geography of the county creates peculiar population distribution which results in "communities of interest" which in turn does not promote cooperative attitudes in the interest of the county as a unit.

Funds Are Earmarked

As to the method of financing the work of the County Road Commission, she pointed out that no money comes from the general county fund for roads. There is money from the state from the gas and license tax, but that is earmarked so that \$251,360 must be used for county primary roads and \$94,567 for county local roads.

"Consider this in view of the fact that Delta County has 340 miles of primary roads and 515 miles of county local roads," she said. The other source of revenue for county roads comes from the townships out of their sales tax diversion funds. However, the townships do not have to give any specific amount and consequently the amount varies from year to year. In addition, the money from the townships can be granted at any time during the year and can be earmarked for specific purposes—all of which makes any long-range planning difficult.

The Delta County Road Commission could get \$35,000 annually from federal funds if the county matched that figure. However, this \$35,000 reverts to the State Highway Department each year because it is not matched by the county.

Some of the major county road problems are: 1. Up until last year all the money available had to be spent on road maintenance and none was left over for construction. 2. Of the 68 bridges in Delta County only 5 are safe. This is a problem which must be solved in the immediate future.

Methods Of Diversion

Mrs. Mosenfelder cited some ways in which money has been diverted to the county road commissions in other counties. Alger County voted a special millage for roads—5 mills for 5 years. A similar proposal was voted down in Delta County some years ago. Marquette and Houghton counties set aside a portion of their regular millage for roads. In Menominee County all the township sales tax diversion funds are given to the county road commission for roads. Some counties have used the "public works" type of program by using men from the relief rolls to work on the roads.

Each county has its own problems peculiar to that county, she said in closing. Citizens should be made aware of the problems of their county, and these problems should be faced and solved according to the local situation.

At the next League meeting Feb. 1, Dr. Arthur Bromage, professor in the Political Science Department at the University of Michigan will talk to the League on county government.

Final Session Of League Tournament Friday Evening

With Mrs. C. W. Murdock and Mrs. Fred Hoyer leading after two sessions, the finals in the Delta Bridge League's annual club pair championship tournament for possession of the Robert L. Parsons trophy will be played Friday evening, Jan. 22, at the Elks Club in Escanaba.

All bridge enthusiasts, regardless of whether or not they are competing in the tournament, are invited to play.

Handings to Date

Standings at present are:
1—Mrs. C. W. Murdock-Mrs. Fred Hoyer, 127.36
2—Mr. and Mrs. G. E. Dehlin, 120.36
3—Mr. and Mrs. B. M. Howe, 106.01
4—Mr. and Mrs. August Altese, 103.23
5—C. W. Murdock-J. L. Temby, 102.994
6—Mrs. Anna Earle-Mrs. O. Turan-Clare Hoehn, 99.64
7—Mr. and Mrs. J. W. Ferguson, 99.53
8—Mrs. J. L. Temby-Mrs. L. W. Olson-Mrs. H. J. McDonough, 91.48

The last session's results were:
1—Mrs. C. W. Murdock-Mrs. Fred Hoyer, 68.51
2—Mr. and Mrs. G. E. Dehlin, 62.03
3—Mrs. Anna Earle-Clare Hoehn, 56.94
4—Mr. and Mrs. B. M. Howe, 56.48
5—C. W. Murdock-J. L. Temby, 55.55
6—Mr. and Mrs. J. W. Ferguson, 51.85
7—Mrs. C. E. Johnson-Mrs. Anna Kraus, 45.85

Tournament in Milwaukee

An interesting event in the near future is the Wisconsin-Upper Michigan Bridge Association sponsored annual state team of four and Milwaukee County pair tournament to be held Feb. 13-14 at the Wisconsin Hotel in Milwaukee.

Personals

Extension Club Meeting

The Bark River-Harris home extension club will meet Thursday at 8 p. m. at the Lawrence Bell home. The lesson will be "Getting Your Calories Worth."

Priscilla Sewing Circle

The Priscilla Sewing Circle of Immanuel Lutheran Church will meet Thursday, Jan. 21, at 8 p. m. in the church parlors. This will be the annual business meeting of the organization with election of officers for the new year. Mrs. Erling Arntzen is hostess.

Gay Bees Club

The Gay Bees, home extension club, met last evening at the home of Mrs. Louis Carr, 325 S. 15th St. Mrs. Richard L. Meissner and Mrs. Sue Dahlvick gave the lesson, "Mrs. Consumer Goes to Market" and a lesson, "Foods and Nutrition," was given by Mrs. Carr and Mrs. Donald Brunelle.

Film Program At Brotherhood Meeting At Calvary Church

The color travel movie, "America for Me," will be shown at the Men's Brotherhood meeting to be held tonight at 8 at Calvary Baptist Church, 301 N. 15th St.

A brief business session and program will precede the film. Wendell King and Richard Polmanteer will play a guitar and accordion duet. Don Kieckbusch will give a short talk.

Officers of the newly organized brotherhood are Alfred Arvey, president; Al Goodman, vice president; Marvin Mylander, secretary, and Lloyd Rogers, treasurer.

Men of the community are invited to attend the meeting tonight.

Hjalmar Carlsons Observe Their Golden Wedding

Mr. and Mrs. Hjalmar Carlsons, 1718 1st Ave. S., whose marriage took place 50 years ago, were honored at a golden wedding party Saturday evening at the home of their son and daughter-in-law, Mr. and Mrs. Melvin Carlson, 1801 1st Ave. S.

Guests were immediate family members and a small group of neighbors.

Flowers were combined with golden wedding motifs in decorations in the home and a three-tiered wedding cake, with golden wedding trim, centered the table. The couple was presented with a number of gifts and they also received many cards and other messages of congratulation.

Mr. Carlson, who was with the old Delta Brewing Co., many years, now is retired.

The family includes four sons, Marvin, Ivan and Merrill, Escanaba, and Robert at home. 13 grandchildren and 1 great grandchild.

Church Events

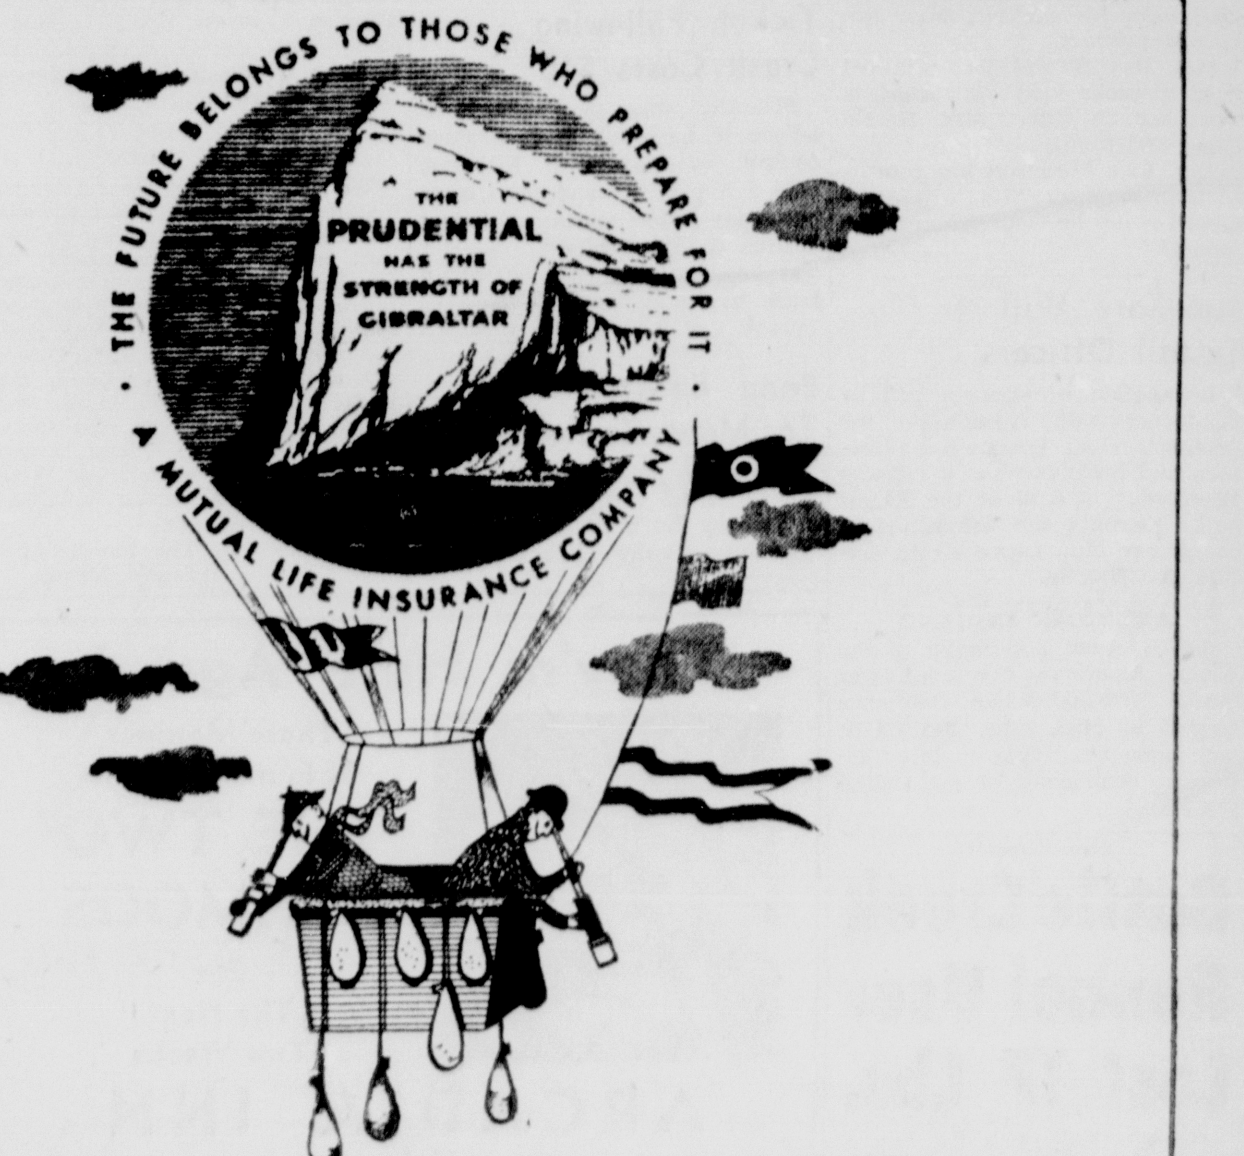

First Methodist Youth
The First Methodist Youth Fellowship will meet at the church Wednesday at 7:30 p. m.

Salvation Army
Salvation Army meetings Wednesday are the Corps Cadets at 7 p. m. and the Young People's Society at 8 p. m.

Christian Science Society

The importance of honesty and unselfishness in seeking spiritual understanding of God will be brought out in the Lesson-Sermon entitled "Truth" to be read in Christian Science churches Sunday. The need of teachableness and respectivity, as highlighted in the parable of the sower, and Jesus' explanation of it, as recorded in the Bible in Luke 8:4-15, will be read.

Everybody knows about peas and carrots as a combination dish; for a delightful change, try carrots and snap beans, with lots of butter.

We're glad to be closer to Escanaba

We're building a new Home Office just to serve Michigan and six other states—Wisconsin, Minnesota, Iowa, North and South Dakota, and Nebraska.

The new North Central Home Office building is going up in Minneapolis near the geographical center of this area, but the center in many important ways is Michigan. Yours is the most populous state and has the most diversified industry.

As your neighbor, The Prudential will be able to make new contributions to the people of Michigan. Because we're closer to you we'll be better able to help you build your own personal and family security by giving you life insurance service that's even more efficient than before.

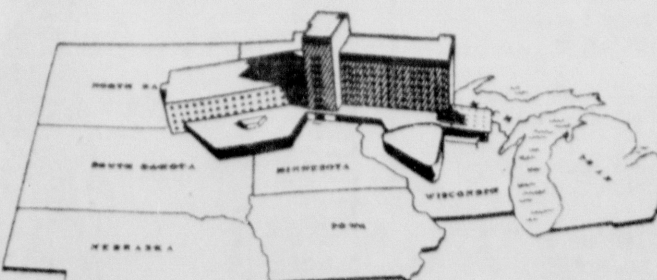

We'll be able to put Prudential investment funds more readily to work—helping your businesses expand and create employment... helping you build and buy homes... helping you add to the productivity of your farms.

Yes, we're glad we're going to be your neighbor... working with you to further Michigan's prosperity... helping you provide the best kind of financial security for your own future.

Drive Started For Polio Fund

The March of Dimes campaign in Gladstone is getting under way here this week under the direction of Atty. Clair Hoehn, city chairman.

Canisters in which donations may be placed are being placed in 75 various locations, mainly places of business, so that change may be dropped in.

Placing of the boxes is being done by Bob Hupy.

Posters are being set in windows of business establishments and other media is being used to bring the drive to the attention of the public.

A Mothers' March is planned for Thursday, Jan. 28, according to Chairman Hoehn.

Industries will be contacted in the usual manner.

Smear Pairings Are Announced

Pairings for Wednesday night's play in the Masonic Smear Tournament are announced as follows: Louis Bizeau vs. George Buchmiller, Maurice Buchmiller vs. Swan Widar, Martin Caldwell vs. John Strand, Walter Houghton vs. Elmer Peterson and Cecil Jones vs. Chester Young.

Members of the Peterson and Strand teams form the kitchen committee.

Bumper Hitchers Given Ride Home

Hitching rides on the rear of autos is a dangerous practice that should be curbed and to emphasize the fact, Michigan State Police yesterday picked up several of the thrill seekers and escorted them to their homes, lecturing them on the foolhardiness of the practice enroute.

City Briefs

The James Rattrays have moved from 723 Montana Ave. to 809 Dakota Ave.

Mrs. Delbert Nelson Sr., underwent major surgery Saturday morning at St. Francis hospital. She is getting along nicely.

Miss Joan Skradski has arrived from Milwaukee for an indefinite stay at the home of her parents, Mr. and Mrs. John Skradski. Miss Skradski plans on attending the Northern Michigan College of Education at Marquette when the second semester starts.

George Mathison has returned to Milwaukee following a weekend visit with his mother, Mrs. Robert Mathison.

Mrs. Ray Strand has returned from a weeks visit in Kenosha with her daughter, Mrs. Harold Klein and family.

Mrs. Inga Mathison has returned from Superior, Wis., where she visited with her daughter and family.

Auxiliary Will Install Officers

Installation of officers will be conducted by the Auxiliary to the Brotherhood of Locomotive Firemen and Enginemen at a meeting Wednesday at 2:30 at the Eagles hall. Forming the committee in charge are Mrs. Cleve Krout and Mrs. Art Bracke.

AMERICAN INDIANS

Total Indian population of the North American continent was about 1,150,000 when Columbus landed in 1492, with 846,000 of this amount living within the present boundaries of the United States.

Battle Creek Rennel User Lost 17 Lbs.

"Losing weight with the help of Rennel Concentrate was a wonderful magical treatment for me," writes Mrs. Harry Case, 12 Hulbert Lane, Battle Creek, Mich. "Before taking Rennel I was overweight, always tired and had no ambition. Now I am down to 135 from 152 lbs. and I am really sold on Rennel. I rely on it because it is a wonderful regulator, has been an inexpensive reducing plan and it has helped me in many ways."

Just another satisfied user of Rennel Concentrate who has made it do for her what she wanted it to do. If not pleased with the very first bottle return it to the manufacturer for your money back. Price \$1.40. Insist on Rennel.

IN MEMORIAM
In loving memory of our beloved wife and mother, Mrs. Joseph Larson, who passed away two years ago today, January 19, 1952.
What would we give her hand to clasp,
Her patient face to see,
To hear her voice, to see her smile,
As in days that used to be,
But some sweet day we'll meet again,
Beyond the toil and strife,
And clasp each other hand once more,
In Heaven, that happy life.
Sadly missed by
Joseph Larson and family

SYMBOL OF STRENGTH — A motto that was Charlemagne's in the year 800 forms part of the newly authorized insignia of Headquarters Allied Forces in Europe. The Latin phrase around the shield means "Crime does not pay." It stands as a warning against would-be aggressors as the West builds its strength. In the center is a tower in silver, symbolizing "the fortress of Europe." On the gateway to the tower are the letters "CE" standing for Central Europe. Behind the tower and pointing upward is the sword of Charlemagne.

Briefly Told

Prayer Meeting—Weekly prayer meetings will be held Wednesday evening at 7:30 at Bethel Free Church.

Choir Rehearsal—The choir of the Memorial Methodist church will meet at 7 Wednesday evening for rehearsal.

BRT Meeting—A regular meeting of the Brotherhood of Railroad Trainmen will be held tonight at 8 at the Eagles hall.

Ladies' Aid—The Ladies' Aid society of the First Baptist Church will meet at 2:30 Thursday afternoon in the church parlors. There will be potluck lunch.

Trinity Guild—A meeting of the Guild of Trinity Episcopal church will be held Wednesday afternoon at 2 at the home of Mrs. E. J. Miller on Delta Ave.

Prayer Meeting—The regular weekly prayer meeting will be held at 7:30 Wednesday evening at the Reorganized Latter Day Saints church.

Correction—Mrs. Ted Stade was winner of second honors at the bridge club meeting held at the Lowell Stade home Thursday evening.

Choir Practice—Choirs of the First Lutheran Church will meet Wednesday evening for practice, the youth choir at 6:30 and the Church choir at 7:30.

Traffic Tickets—Several tickets for traffic violations were issued over the weekend by City Police. Victor Zar Jr., Ensign, is charged with running a red light; Thomas A. Srook, Route 1, Gladstone, with excessive speed, and Henrich G. Olson, Route 1, Escanaba, with running a light.

CARD OF THANKS

We wish to thank our friends, neighbors and relatives for their kindness and sympathy in our recent bereavement, the death of our dear son, brother and uncle, Leslie Nelson. We are grateful to the comforting words of Rev. Peterson, the soloist Mrs. Olson, the organist Mrs. Sundblad, the Perkins Legion Post, those who drove cars, those who sent flowers and those who helped in any other way. The memory of these deeds will long remain with us.
Signed:

First Aid, Safety Emphasized In MHS Assemblies

A first aid demonstration, a first aid film and an auto safety film were presented for students of Manistique High School Monday.

The first aid demonstration and film were offered for a select group of students and instructors by A. V. Menard, safety engineer for the Edison Sault Electric company. Featured was the new arm-lift, back-pressure method of artificial respiration.

All students in the high school saw the film on the responsibility involved in driving an automobile. Principal Carl Olson gave the introductory talk which preceded showing of the film.

The film showings and demonstration were arranged by L. G. Gorsche, Edison safety director here, and School Supt. Arthur F. Hall.

Manistique firemen, local employees of the Edison company and other interested groups saw the films and demonstration at a meeting Monday night in Manistique fire hall.

The presentations are part of a continuing program of public education in safety sponsored by the Edison company.

Menard, who lives in Sault Ste. Marie, was accompanied here by Abraham M. Koolman of Detroit, who is employed in a surety company's loss prevention service.

Social

Mission Circle

The Mission Circle of Bethel Baptist church meets at 2:15 p. m., Thursday at the home of Mrs. Ragner Carlson, S. Mackinac Ave.

Bethany Flower-Makers

The Bethany Flower-Makers meet at 7:30 p. m., Tuesday at Zion Lutheran church.

WSSC Meeting

The Women's Society of Christian Service of the First Methodist church will meet at 2:30 p. m., Wednesday at the church.

Pasty Sale

Bridge Club

Mrs. Ira Crawford, S. Cedar St., entertained members of her bridge club Thursday evening at her home.

Prizes were awarded to Mrs. Alvin Nelson and Mrs. A. W. Heitman. Lunch was served.

Mrs. Willard Bolitho was a guest of the club.

Birthday Party

Jane Schuster, daughter of Mr. and Mrs. Otmer Schuster, 544 Michigan Ave., celebrated her ninth birthday anniversary Sunday with a party at her home.

During the afternoon the group attended the matinee and later were entertained at a supper. The table was centered with a decorated birthday cake.

Those attending were Gwynne Elder, Karen Knight, Christine Mathson, Gloria Pawley, Mary Pat Schuster, Mary Anderson, Sandra Snyder, Lynn Provo, Donna Atwater, Bonnie Fyvie and Jane's sister, Lynn.

Mrs. Adolph Johnson, Long-Time Resident, Claimed By Death

Mrs. Adolph (Mathilda) Johnson, 82, a resident of Manistique since coming to the United States from Sweden in 1894, died at 6:30 a. m., Monday at the home of her daughter, Mrs. Dale Ott, 118 N. 2nd St.

She had been in failing health for a year and was seriously ill the past two months.

Born July 13, 1871 in Eskilsater, Varmland, Sweden, Mrs. Johnson came here directly from Sweden. She has been a member of the Bethel Baptist church in Manistique since 1894 and also was a member of its Ladies' Aid, serving as president and secretary for several years.

The former Mathilda Swanson, who was married Sept. 12, 1899 in Manistique to Adolph Johnson. He died in 1921.

She leaves two daughters, Mrs. Sam (Hildur) Mills of Escanaba and Mrs. Dale (Helen) Ott of Manistique, and 10 grandchildren.

Funeral services will be held at 2:30 p. m., Wednesday from Messier-Broullire Funeral Home with the Rev. Victor Anderson, pastor of the Bethel Baptist church, officiating. The body will be placed in Lakeview vault and buried will

Ice Shortage Looms As Coming Problem

Lack of ice in Manistique will cause serious financial losses in this vacation area next summer unless someone is found to harvest ice here, Top O' Lake Chamber of Commerce pointed out this week.

The organization of business and industrial leaders is suggesting that a meeting of civic leaders be held at an early date to discuss the problem.

"Storage space must be found for the natural ice and a person interested in the ice business must be found," Fred D. Heltman, C. of C. secretary, declared.

Can't Use Building

No one has come forward to harvest ice for homes, resorts and

travelers who vacation in this north country, though ice is forming on lakes and ponds to a thickness of 15 inches, the Chamber of Commerce notes.

In past years, ice on the quarry pond was cut by the late William Eck and stored in an old building there.

However, the city now has refused to permit further storage in the building and, in addition, will not permit ice cutting on the pond unless the area is fenced, to prevent children from falling into the water, the C. of C. secretary explains.

Campers Need Ice

"It is difficult to estimate the loss to the entire Manistique area if tourists are unable to procure ice this summer," Heltman noted.

The Chamber of Commerce Information Bureau at Manistique reports that every day last summer several persons inquired where ice could be obtained. Most of these, it reports, were campers headed for Indian Lake State Park or the Hiawatha National Forest.

Indian Lake State Park in the past season led all state parks in Michigan in the number of campers. Tent permits issued totaled 2,231 and trailer permits 729.

Victor Haas, park manager, reports that most trailers have electric refrigeration, but that all campers depend upon ice for refrigeration.

Briefly Told

Welfare Center—The Seventh Day Adventist Welfare Center here will be closed Thursday, Jan. 21.

Sewing Committee—The sewing committee of the Hospital Auxiliary will meet in Schoolcraft Memorial Hospital Thursday from 1:30 to 3:30 p. m.

Choir Practice—The mixed choir of the Presbyterian Church will practice in the church at 7:15 p. m., Wednesday and the girls choir at 8 p. m.

Goodwill Club—The Goodwill Club will meet Thursday at the home of Mr. and Mrs. Axel Larson. Mrs. Joyce Larson and Mrs. Joseph Gideon will be assisting hostesses.

Scout Troop 460—Boy Scout Troop No. 460 will meet at the National Guard Armory Wednesday at 7 p. m. A motion picture pertaining to scouting will be shown. All parents are invited to attend.

Missionary Society—The Women's Missionary Society of Zion Lutheran Church will meet in the church at 8 p. m., Wednesday. Hostesses will be Mrs. Victor Carlson, Mrs. Rudolph Larson and Miss Marie Ahlstrom. The lesson topic will be "Other Sheep."

Fire Call—Manistique firemen were called at 9 p. m., Sunday to the home of Mrs. Hazel Joslin, River Rd., because of a chimney fire. Roof supports alongside the chimney were smoldering and had to be removed. Damage was not extensive, firemen report.

THOSE IN UNIFORM

Pvt. Marvin W. Gager, son of Mr. and Mrs. Leonard L. Gager, Germfask, Mich., Route No. 1, has been selected to attend Leader's Course, the most advanced training program of the Anti-aircraft Artillery Replacement Training Center at Fort Bliss, Texas.

City Names Lee Bare Street Superintendent

Lee Bare, 335 Schoolcraft Ave., has been appointed superintendent of streets for the City of Manistique, Orson Livermore, city manager, announced Monday.

Lee's appointment, by the manager, became effective Saturday. The new superintendent has been employed in the city's street department since December, 1950, and prior to that time worked for the city police department. He has been employed by the city since 1944.

The City of Manistique has 23 miles of street, of which about 75 per cent is paved, and five miles of trunkline highway. As street superintendent, Bare will have 16 men working under him.

O. E. Livermore, former street superintendent and acting city manager, was appointed city manager by the Manistique Council Jan. 11.

City Briefs

Mrs. Roger Smith, 713 Oak St., is a surgical patient at Schoolcraft Memorial Hospital.

Mr. and Mrs. Clinton Smart, of Hartford, Wis., spent the weekend here with relatives.

Mrs. Ed LaFave, N. 4th St., has been dismissed from Schoolcraft Memorial Hospital.

MHS Debaters Lose In Journey On Split Decision

Manistique debaters lost to Ishpeming in a split decision, 2 to 1, at Marquette Saturday. Coach Marvin Frederickson reported Monday.

The MHS debaters won all four rounds in debating Friday afternoon and entered semi-finals Saturday morning. Lots were drawn and Manistique drew Ishpeming for its opponent and the negative side of the argument.

In debating Friday, the Manistique affirmative team, composed of Katherine Hall and Jon Schuster, defeated Menominee and Bessemer. Negative debaters, Loretta Charron and Mary Ella Giovannini, downed Kingsford and Newberry.

Ishpeming and Ironwood entered finals at Marquette, after posting wins in semi-finals over Manistique and Escanaba.

"I am proud of the MHS debaters. They accepted defeat like the true champions they are, and their record this year of 12 varsity debates without defeat stands as evidence of the hard work, perseverance and debating skill necessary for success in this field," Coach Frederickson stated.

Central School Scores 100 For Safety Patrols

Central School scored 100 in inspection of school safety patrols last week by the Manistique VFW Post.

Lincoln school had a score of 90 of a possible 100, after it lost 10 points for having patrols all on the same side of the street on three occasions.

Lakeside school was credited with 20 points, losing most because its patrols were off duty too early.

Riverside and St. Francis schools were rated zero because no patrols were out, the Veterans of Foreign Wars post reports. Inspection was by Albert Ackerman last week.

Schools in the community sponsor the safety patrols and the VFW inspects them as part of its safety program. At the end of the year, the school with the highest

Kidney Slow-Down May Bring Restless Nights

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—like to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Come as late as 8:30 and see a complete show

what
has
television
done
for
newspaper
reading?

survey shows that TV INCREASES it!

For the fourth year in a row the Cunningham & Walsh independent "Videotown" survey shows that television set owners are spending more time with their newspapers than ever before!

It is clear that every medium—including TV, the newcomer—simply whets people's appetites for the full story.

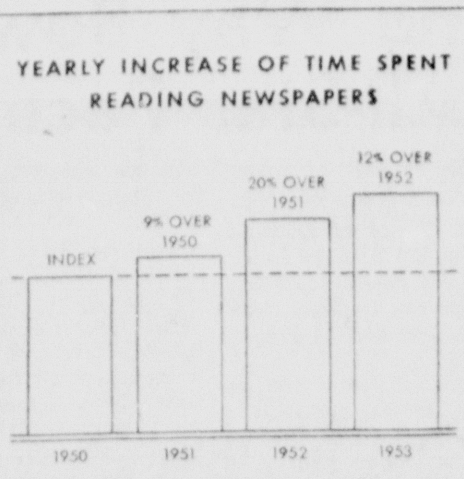

In their newspaper they'll find the whole story about the fight they saw on TV last night... about the entertainers they watched... the debate they saw... or the educational program that was so interesting.

No matter what the source of news may be—an angry dictator across the sea, an earthquake in Mexico, a tennis match in Australia, a fire downtown, or a TV program in the living room—it's the newspaper that tells it all.

No wonder people are reading their newspapers more! No wonder advertisers are finding newspapers more productive than ever before!

Chart is based on information drawn from "Videotown 6" survey by Cunningham & Walsh, New

York, N. Y., nationally known advertising agency conducting this survey solely for the benefit of its clients.

This message prepared by BUREAU OF ADVERTISING, American Newspaper Publishers Association and published in the interests of fuller understanding of newspapers by

In This Corner

With Roy Crandall

A former Escanaba High School athlete, Jerry Boucher, was a Menominee Maroon starter when the Eskymos took the floor at Menominee last Friday night. . . . Boucher, who attended Escanaba High School last year, is a 5-7 guard, smallest man on the Menominee team. . . . He scored three points in the game, alternating at a guard position with Gene Wozniak.

It didn't take swift Stan Woolwich, Canadian Soo forward, long to score le tour du chapeau (as the Canucks say) against the Escanaba Hawks here Sunday afternoon. . . . He rang the bell at 5:28 of the first period, repeated five seconds later, and completed the hat trick at 17:38. . . . He scored his fourth goal midway in the second period.

Leno Pieropon, former Hermansville athlete, is averaging 10 points per game for the Ferris Institute Bulldogs this season. . . . He has scored 20 field goals and 19 free throws for a 59-point total in six games. . . . Ferris has won three and lost three.

The Ishpeming Hematites, who meet the Escanaba Eskymos here Friday night, had a cold night from the floor when they lost to the Marquette Redmen last weekend. . . . Coach C. C. Watson's cagers clicked on only seven field goal attempts while dropping a 48-37 decision. . . . They converted 16 of 23 from the free throw line.

John Berrigan, St. Joe's talented sophomore center, is creeping closer to the 20-point mark in average scoring per game. . . . In the nine St. Joe games played to date, Berrigan has scored 165 points for an average of 18.3 per start. . . . If he continues to improve on his marksmanship and if St. Joe continues to advance in district and regional tournament play as it has in the past, Berrigan may well threaten the all-time St. Joe scoring record of 1,171 points scored in 69 games by Pete Kutches. . . . Kutches scored 20 points as a freshman, 229 as a sophomore, 334 as a junior and 588 as a senior.

BEN ARTWICH

Hawks Seek To Solve Marquette 'Problem' In Home Hockey Tilt

The Escanaba Hawks will try to solve the Marquette problem here Wednesday night in a Northern Michigan League hockey game.

The Hawks are experiencing troubles galore in league action this year, but their big problem is Marquette. They've held the Portage Lake Pioneers to a 7-7 deadlock here and they beat the Calumet Reders 7-6. But the best they've done against the Sentinels is a 4-3 loss.

Big Ben Artwich, Stambaugh goalie, will be back in the nets for the Hawks Wednesday night. He'll be facing such dangerous Marquette shooters as Bucky O'Neil, Jim Swenor, Gale Lawrence, Roy Olson, Cud VanOverloop, John Vasseau, Tom Balai, Ron Johnson and Lee O'Neil. Marquette will have Jim Eady, Leonard Brumm, Ted Boesler and Arpe Ellsworth on defense and young Sonny Biter in the goal.

Bucky O'Neil has been a thorn in the side of the Hawks in previous games, twice scoring two early goals to put the Escanaba sextet in a hole it couldn't climb out of.

The Hawks will likely play without Buddy Provo, Escanaba forward who suffered a severe hip

bruise in the exhibition game against the Canadian Soo team Sunday afternoon. Provo was released from St. Francis Hospital yesterday after treatment for the injury.

Provo has been working with the first Escanaba line with Bill Suriano and Doug Peterson. Coach Mark Olson will move either Hank Normand or Bob Higgins, spares, into the first line. The second line of Mark and Ted Olson and Joe Ricci will be intact with Bob Bizeau, John Cousineau and Bill Buckland serving on the third line. On defense will be Hubert Hamilton, Clarence Matt, Jim Ogle and Dick Johnson.

The game will begin at 8:15 with Dan Crowley as referee and Mel Bertrand of Escanaba as linesman.

\$50,000 For Charity In Big Crosby Open

MONTREY, Calif. (AP)—Bing Crosby said today his 13th annual pro-amateur golf tournament, won Sunday by E. J. Dutch Harrison, netted \$50,000 for charity.

The figure exceeded last year's high of \$42,000.

Wrong Way Bowlers Set All-Star Pace

CHICAGO (AP)—A pair of wrong way bowlers, Tess Johns of Cleveland and Lou Campi of Dumont, N.J., paced the 224 bowlers in the National All-Star Bowling Tournament today as the keglers made ready for their last day of qualifying trials.

Campi, who once shared the national doubles crown, moved into the men's lead with a 3696 total in 18 games, four more than Earl Johnson of Tacoma, Wash., and 12 ahead of veteran Pete Carter of Detroit who is third.

Campi, a 48-year-old contractor, violates one of the cardinal principles of bowling as on the approach, he finishes on his right foot rather than the left foot.

Mrs. Johns, if she manages to

win the qualifying trials, will be the first left-hander in history to do so.

Trailing Mrs. Johns are Olga Gloor of Chicago, who posted 920 for four games, the second highest series ever rolled by a woman in the All-Star, and Doris Knechtges, a veteran performer from Detroit. Mrs. Johns has 2395 pins for 12 games, Mrs. Gloor 2377, and Miss Knechtges, 2371.

In the special matches, Mrs. Marion Ladewig, Grand Rapids, Mich., the defending and only women's champion, extended her lead to 29 pins over 1952 runner-up Shirley Garms of Palatine, Ill., 2175-2146.

Junie McMahon of Fairlawn, N. J., a former champion, continued his mastery over defending champion Don Carter of Detroit as he took a commanding 3626-3487 lead with only 18 games to roll.

Eskymos, Trojans To Play Home Games This Weekend

The Escanaba Eskymos and the St. Joe Trojans make home cage stands this weekend with Coach Burt Gustafson's Esqy cagers in action Friday night and Coach Tom St. Germain's Trojans playing Saturday night.

Ishpeming will provide the opposition for Escanaba. The Hematites, experiencing one of their most unsuccessful years in a long time, will come here with two straight defeats at the hands of Marquette and Newberry.

Gwinn, defending Upper Peninsula Class D champion, invades the St. Joe gym in what is annually one of the highlights of the Trojan season. Two years ago Gwinn edged St. Joe by one point and last year the Trojans nipped the Model Towners by three. Gwinn has a 6-2 record to date and will entertain the Rock Little Giants of the U. P. Central League Friday night.

Emeralds Play Twice
Coach Cappy Keil's Gladstone Braves finish out a rough three-game spurt tonight at Munising in a Great Lakes Conference game. Gladstone lost to Stephenson and

St. Joe over the past weekend. Powers is expected to bounce back after a sound trouncing at Rapid River when Coach Irv Sodlund's Tigers entertain the Vulcan Giant Killers tonight. Grand Marais invades Tremary and Perkins, defending Central League champ, is host to Eben in a Central League game tonight.

Manistique has a doubleheader Friday and Saturday. Fresh from their first win of the season against Canadian Soo Collegiate, the Emeralds entertain Munising Friday night in Great Lakes Conference action and Saturday night

travel to Stephenson for the first meeting with Coach Walt Schousen's Eagles.

Alpha At Hermansville
The Bark River Broncos of Tom Janssen will try to snap a two-game losing streak at Perkins Saturday night.

The Alpha Mastodons, ranking Class E quint with a 6-3 record and one of the U. P.'s top scorers in John Kocinski, will be at Hermansville Friday night. Kocinski is averaging 22 points per start for Coach Gary Golakner's quint.

Undergrads May Get Chance If Gladstone Seniors Don't Click

GLADSTONE—If senior members of the Gladstone High School cage squad don't start producing in the near future, Coach Eldon Keil plans to work in the undergrads to build for next year.

The local mentor indicated this yesterday as he prepared for the trip to Munising and return game with the Alger county seat quint tonight. The reserves also will play at Munising.

Keil was definitely disappointed with the team's showing against Stephenson last Friday night. The Braves had a good lead at the end of the third period and were out in front by four points with 35 seconds to go but frittered the lead away to put the game into overtime. In the sudden death, second overtime period, Stephenson scored to win, 52-50.

Tonight Keil plans on using John Quinn at center, Capt. Dick Switzer and Duane Peterson forwards and Jack Beach and either Dick Goodman or Roger Carlson guards.

Sloppy Game Is Lost By MSC

EAST LANSING (AP)—Michigan State's Spartans suffered from sloppy ball-handling in the first half and a stiff Wisconsin defense, to drop their third Big Ten basketball game Monday night 57-53.

Wisconsin marked up its third conference win against three losses.

The Spartans now have only one victory in conference play. The tough Badger defense kept Wisconsin ahead 32-23 at the half. The Spartans almost found the range in the third quarter, pouring in 12 points to five for Wisconsin, and coming within two points of the Badgers 37-35.

The fourth period was a complete change in pace with Michigan State leading Wisconsin 40-39 midway, but the Badgers, led by high scoring center Paul Morrow, came back for the margin.

Morrow, a 6-foot-7½-inch giant, dropped in 18 points. Forward Julius McCoy and guard Al Ferrari each made 16 for the Spartans.

The Badgers connected at the free throw line for 25 of 30 attempts against Michigan State's 17 fallies in 23 tries. The Spartans topped Wisconsin in field goals 18 to 16.

Raymond A. Bruntrager, assistant circuit attorney, indicated by his questioning of prospective jurors Monday that the state will seek the death penalty.

One of the robbers was fatally wounded and another killed himself rather than be captured by police, William F. Scholl, who admitted his part in the crime, was convicted and sentenced to 25 years in prison.

TICKETS ON SALE
Reserved seat tickets for the St. Joe-Gwinn game Saturday night are on sale at the St. Joseph rectory, it was announced today by Fr. Stephen Schneider, athletic director.

In reserve will be Bob Sandstrom, Norm Butler, J. C. Miller and Larry Feldt.

In the first game with Munising, Gladstone came from behind to overcome a 16 point handicap and win. Neither team has done anything since the holidays, Gladstone losing to Escanaba, Stephenson and St. Joseph, while Munising lost to Marquette and Negaunee.

Eddie Mathews Joins Holdouts

NEW YORK (AP)—The Chicago White Sox and the Chicago Cubs each had big catches in the contract bag today. But Milwaukee slugger Eddie Mathews joined the major leaguers.

Lefty Billy Pearce who along with Virgil Trucks kept the Chisox in the American League pennant running last season, came to terms for 1954 and "became one of the highest paid pitchers in the club's history," according to General Manager Frank Lane.

Pierce won 18 games and dropped 12 last year. Trucks already is in the White Sox fold.

Hank Sauer, the National League's Most Valuable Player in 1952, signed a Cubs' contract and promised to "fight with all I've got" to return to his form of two seasons ago. He slumped to 19 home runs after hitting 37 the previous year. Ralph Kiner, the Cubs' other home run threat, signed last week.

Mathews, the National League's home run king last year, said he "may hold out."

"After last season the club tried to get me to sign," he explained. "But I wasn't satisfied with what they offered me. I doubt if we'll get together very fast."

Bruce Edwards Signs New Pact With Cubs

CHICAGO (AP)—Bruce Edwards, one-time catcher who turned third baseman to lead Des Moines to the Western League playoff title last season, today became the 11th Chicago Cub to sign up for 1954. Edwards, 30, with Brooklyn until 1949 when he was plagued with a sore arm, joined the Cubs in 1951. Last year he managed the Cubs' farm team at Springfield, Mass., in the International League until June when he was transferred to Des Moines.

Don Schlundt Running Out Of Cage Records

NEW YORK (AP)—At his present pace big Don Schlundt is going to run out of records to break long before he finishes his spectacular basketball career at Indiana University.

The 6-foot-9½ center, in his junior year, already owns the individual scoring records for many of the Midwest's main basketball arenas. Monday night, he added two more prizes to his long string—the Big Ten mark and the record for his home floor at Bloomington.

Shooting with amazing accuracy, he scored 47 points as the hurrying Hoosiers ran away from Ohio State 94-72 for their sixth straight conference triumph.

16 Field Goals

The old Big Ten mark of 43 by Iowa's Dick Ives had stood for 10 years. Schlundt's total was 11 above the former Indiana field-goal mark as he connected on 16 field goals in 27 attempts and on 15 of 17 free throws.

Indiana, No. 3 behind Kentucky and Duquesne, was the only member of the nation's top 10 teams in action Monday night. Three of the second 10 were busy with Maryland, No. 14, whipping Virginia 70-56; Kansas, No. 17, defeating Iowa State 76-61; and Illinois, No. 20, getting beaten by Iowa 79-70.

The Iowa was established the Hawks firmly in second place in Big Ten standings. Indiana leads,

with six victories, Iowa stands 4-1, and Minnesota third with 2-1.

Spartans Defeated

Point scored six of his evening's point total of 24 in the fourth quarter. Logan, who sat out much of the game because he was near the foul limit, came back in to rack seven.

Wisconsin made 25 of 30 free throws in defeating Michigan State 57-53 in a Big Ten game.

Only conference games left this week are Saturday's clashes between Iowa and Purdue, Ohio State and Michigan State and Minnesota and Northwestern. Purdue plays at Notre Dame tonight in a non-conference game.

Sub Wins Game

Two foul shots by sub Bobby Deloit with seven seconds left gave Tulane a 63-61 Southeastern Conference decision over Tennessee.

Tulsa held Murray State to four points in the final 15 minutes in scoring a 61-51 overtime verdict.

Tulane's triumph over Tennessee put the Green Wave in third place in the Southeastern behind Louisiana State and Kentucky as Vanderbilt stumbled before Mississippi 78-74.

Bradley rolled over Boston 86-71. Seton Hall made the poorest defensive showing of its basketball history in bowing to John Carroll 94-86.

Featherweight Champ Harvard Lancour To Box In Golden Gloves

MANISTIQUE—Harvard Lancour, 1953 open division featherweight champion in Golden Gloves boxing in Upper Michigan and Northern Wisconsin, is expected home Jan. 22 or 23, and will participate in the boxing tournament at Escanaba Feb. 1 and 2, his father reports.

The son of Mr. and Mrs. Raymond Lancour has been working in an auto body plant in Pontiac and has been in training at a school there.

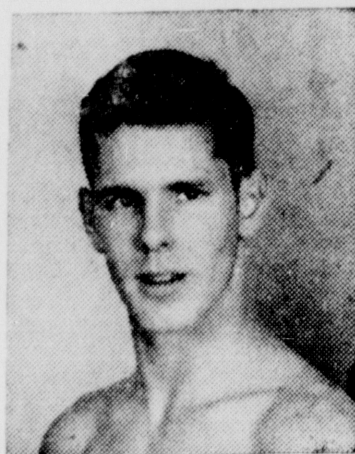

Lancour, who now is 18, again will fight in the featherweight class and expects to weigh in at 126 or 127 pounds. He is a few pounds heavier than that now.

The Manistiqui boxer was the only Upper Michigan representative in the Chicago Tournament of Champions last year. In 1952 he won the novice championship in the lightweight class with a record of 12 victories and only one defeat.

A stable of 12 Schoolcraft County youths reported for initial training workouts here at the beginning of the year. Ed Toyra is training youths 15 and over from the county in preparation for the tournament at Escanaba. Peter Popour is his assistant.

Trainees still are being accepted and youths 15 and over who are interested are asked to report at St. Francis de Sales school hall. Practice sessions are held every Wednesday, Thursday and Friday night and on Sunday afternoons.

Newest boxer in the training program here is Gary Tutnell.

Harvard Lancour

Boddy Hits 34 As Stars Win

With former All-U. P. cager Fred Boddy spreading the nets for 34 points, All's All Stars last night beat Jack's Restaurant of Rapid River by a 70-58 margin.

Boddy flipped in 13 field goals and eight free throws to set the scoring pace. Victor Zar led Jack's with 19 points.

The All Stars will travel to Niagara for a Thursday night game with the independent Niagara Badgers.

Box score:					
All's All Stars	FG	FT	PF	TP	
Paulin	5	0	3	10	
Sendenburg	3	0	1	6	
Moreau	2	1	3	5	
Martineau	2	0	1	4	
Gravelle	3	2	2	8	
LeGault	0	0	0	0	
Boddy	13	8	1	34	
Butler	1	1	1	3	
Totals	29	12	14	70	

Jack's	FG	FT	PF	TP	
Hinds	7	1	3	15	
Zar	8	3	1	19

Nelson	4	1	5	9	
Jokela	0	0	0	0	
Mahnor	4	3	1	11	
Totals	25	8	14	58	

Score by quarters:
All's All Stars 14 10 25 21—70
Jack's 13 16 15 14—58

Braves Sign Young Right-handed Pitcher

CLAREMONT, N.H. (AP)—Rudy Fortin, a 19-year-old right hand pitcher who hurled four no-hit games for St. Mary's High School last spring, has signed a contract with the Milwaukee Braves' Three I League club in Evansville, Ind. Fortin's four-year high school record included 28 victories, eight losses and 474 strikeouts in 272 2-3 innings.

Nation's Top Cage Teams Remain Fixed

NEW YORK (AP)—Until one of the five top teams takes a resounding tumble, the race for the top of the college basketball heap looks like a closed affair.

The first five teams in the weekly Associated Press poll remained unchanged this week, although there was one change in their order.

The undefeated (11-0) Kentucky Wildcats remained in the No. 1 spot with first-place votes from 42 of the 127 experts.

Duquesne, in second place, received 30 firsts and 995 points and third-place Indiana 16 firsts and 905 points.

Western Kentucky, running its winning streak to 16 straight games, moved ahead of Oklahoma A&M into fourth place, reversing their positions of a week ago.

Notre Dame handed Holy Cross its first defeat last week and moved into sixth place vacated by the Crusaders. Holy Cross dropped to eighth.

The leading teams on a 10-9-8-7-6-5-4-3-2-1 point basis (first-place votes in parentheses):

1. Kentucky (42)	1,108
2. Duquesne (30)	995
3. Indiana (16)	905
4. Western Kentucky (9)	769
5. Oklahoma A&M (7)	697
6. Notre Dame (2)	221
7. Oklahoma City (5)	211
8. Holy Cross (1)	196
9. Minnesota	171
10. George Washington (7)	160

The second ten: George Washington, Wichita, Louisiana State, Duke, Maryland, California, Seattle, Kansas, Niagara, La Salle and Illinois.

Article No. 9

Your Income Tax Primer

EDITOR'S NOTE: Here's the ninth of 13 articles in NEA's 13th annual Income Tax Primer, prepared by a top-notch Washington tax authority and designed for use with the official tax rule pamphlet.

By RICHARD A. MULLENS
NEA Income Tax Expert

Up to now, the Tax Primer has been telling you how to report income on your Federal tax return. Now, we take up the deductions you can use to reduce your income.

Every taxpayer can choose either to itemize his deductions or use the deduction of about 10 percent of income which Uncle Sam allows those who do not itemize.

You can't choose wisely until you know what your itemized deductions are. Once you know this, then your choice is simple. Use whichever is the larger.

This and the next article tell what items can be deducted if you choose. Read them carefully and you will know what your deductions are.

Remember, if you itemize deductions you must use Long Form 1040. If you file on Form 1040A or Short Form 1040, the tax tables will automatically allow you a deduction of about 10 percent of your income regardless of what your legal deductions are.

Contributions can be itemized in the first schedule on page 3 of Form 1040. You can claim as a contribution what you actually gave in 1953 to recognized, non-profit religious, charitable, educational and scientific organizations; the societies for the preven-

THIS CONTRIBUTION IS DEDUCTIBLE...

THIS CONTRIBUTION IS NOT DEDUCTIBLE...

Contributions Check List

Here is a list of some organizations to which contributions are deductible. There are many other organizations on the approved list. You can deduct what you gave during 1953, 20% or the fair value of goods, up to a total that does not exceed money of item 4, page 1 of Form 1040.

American Cancer Society	United Jewish Appeals
American Red Cross	Veterans Organizations (By name)
Boy Scouts	Young Men's and Young Women's
Christmas Seals	Christian and Hebrew Associations
Community Chests	Churches or established religious organizations (By name)
Girl Scouts	National Foundation for Infantile Paralysis
National Foundation for Infantile Paralysis	Non-profit colleges, universities and schools (By name)
Salvation Army	

of Form 1040 if you choose to itemize your deductions. To be deductible the tax must be imposed on you and paid by you. That means you cannot deduct taxes you pay on your mother's property.

Page 19 of the official instructions lists taxes which you can and cannot deduct.

Most taxpayers do not have receipts or do not keep a record of small payments for deductions like gasoline tax and sales tax. The Internal Revenue Service will allow an estimated deduction provided it is reasonable.

The gasoline tax can be estimated by dividing the total number of miles driven in 1953 by the average number of miles your car operates on a gallon of gas. Then multiply this by the state and any local tax per gallon. Do not include the Federal gasoline tax. A list of the state taxes on a gallon of gasoline is printed with this article.

The following plan will give you a reasonable estimate of the sales tax:

There is generally no sales tax on food, rent, insurance or savings. If you will add about what you spent on these things, and subtract it from your total expenses, the remainder will be about what was subject to sales tax.

To this remainder add anything you bought out of savings, or installments that would be subject to sales tax. Multiply the sum of these by your sales tax rate. This will give you the amount to deduct as sales tax. If you live in a state where food is subject to sales tax, add what you spent on food to the amount subject to tax.

Tax Primer Q. & A.

Q. I gave \$100 to a needy friend during 1953. Can I deduct this as a contribution?

A. No. Contributions to individuals, no matter how needy, are not deductible.

Q. We bought a house, paying \$2500 cash and have monthly payments of \$100 per month for 20 years. Are any of the monthly payments deductible?

A. If you itemize your deductions, find out how much of your monthly payments in 1953 was for interest and how much was for taxes. These amounts can be deducted.

Q. Part of my job, for which I am not reimbursed, is to entertain buyers when my boss is away. One dinner party cost \$60 including \$10 for entertainment tax. Can I deduct the \$10 as a tax?

A. Federal entertainment tax is not deductible as a tax. However, if the party was necessary and ordinary in your business, you could deduct the entire \$60 as an entertainment deduction in the miscellaneous schedule on page 3.

Face Trouble

LITTLE ROCK, Ark. (AP)—Arkansians who buy from liquor stores across the state line in Missouri, Louisiana or Tennessee may face searches by State Troopers.

State Beverage Department Director Eli Collins said he's had enough of folks dodging Arkansas taxes by buying in neighboring states.

"Much of it is being bought in case lots by what we call our best citizens," Collins said in announcing he is stationing agents at out of state loading points to radio ahead to other agents waiting at the state line to catch the tax dodgers.

British Trade With Russia And Red China Due For Big Revival

By TOM A. CULLEN
LONDON —(NEA)—In Moscow they're unrolling the red carpet and cracking open the cases of vodka and champagne for a British trade delegation due there shortly to discuss contracts worth \$75,000,000.

In Peking they're waiting for the first consignment of shiny new Austin cars and trucks to be unloaded on the docks. The cars are labeled "Made in Britain."

In Britain itself, keels for a \$30,000,000 fleet of Russian trawlers are being laid at Lowestoft.

All signs point to a big revival of British trade with Soviet Russia and Red China in 1954.

Russia, particularly anxious to build up its merchant marine, is ready to place orders for five cargo vessels, four passenger vessels and a whale factory ship with British shipyards.

This is all the more startling in view of the fact that Anglo-Soviet trade declined to a 30-year low in 1953, Britain's exports to Russia being only one-third of its exports to Belgium.

The sales manager of an export firm explains the cynical outlook of many British business hard-heads this way:

"Last year we played ball with the United Nations and lost \$180,000,000 in business with Russia and China. So what happened? Our European friends got the business, and we got the blame."

"This year things are different. If we're going to get kicked in the pants we figure that we might as well do something to deserve it."

Behind the news of the East-West trade upswing is a story of falling British exports, of a losing British battle for markets in Latin America and the Middle East. British industry blames the United States, its European competitors and the British Board of Trade for its present dilemma.

Typical of the defiant attitude towards the United States is this recent exchange on the floor of

NEXT STOP, PEKING? British cars and trucks are lined up for shipment in the shadow of London's Tower Bridge. British Board of Trade has lifted the ban on exporting them to China.

the House of Commons between Geoffrey De Freitas, an MP, and the Honorable Derek Heathcote-Amory, of the Board of Trade.

De Freitas: "Is the minister aware that Peking is as full of American cars as Grosvenor Square? . . . What is he doing to overtake the American lead which Senator McCarthy has established in this export?"

Heathcote-Amory: "We have no been making inquiries . . ."

De Freitas: "Is it not a fact that, through Japan, these cars are being exported from the United States and straight on into China?"

Heathcote-Amory: "We have no evidence of that at present."

Western Germany, in particular, has been singled out as a target for British businessmen's wrath. Germany, they point out, was shipping steel, machine tools and precision instruments to China in 1953, while British firms were denied licenses to export cinema projectors and trolley cables.

The major share of abuse, however, has been reserved for the British Board of Trade, which is accused of being too zealous in applying economic sanctions against Russia and China. It was

being attacked on all sides:

1. The board is accused of waiting until a \$6,000,000 order for anti-biotic and sulphur drugs had been filled by French firms before lifting the ban on the British export of drugs to China.
2. "I saw cables of Belgian origin being laid in the streets of Peking," reports the export manager of Enfield Cable Companies, Ltd., in demanding to know why British export licenses for similar cables had been refused.
3. A pressure campaign organized by Austin Motors, Ltd., has been successful in getting the Board of Trade to lift the ban on the export of motor cars, trucks and buses to China.
4. The British Metal Trades association has circulated its members urging them to accept as many orders as possible from China in order to build up a dossier of contracts turned down by the Board of Trade.

The present mood of bitterness, frustration and rebellion on the part of British business is welcomed in Moscow. By dangling \$75,000,000 in contracts as bait, Moscow has persuaded a British trade delegation to make the trek to the Kremlin this spring.

Foreign Secretary Anthony Eden tried to throw cold water on the coming trade expedition by pointing out that the British Council for the Promotion of International Trade, under whose auspices it was originally organized, is a "Communist-front organization."

Thirty British businessmen, however, have broken away from the Red-tinted council and have announced that they will go to Russia under their own steam.

Meanwhile, to "sweeten the kitty" for British industry, Moscow has suddenly released 10,000

Schaffer

Briefs
SCHAFFER—Guests Sunday at the Adolore King home were Thomas Lynaugh of Rapid River, Mr. and Mrs. Harvey Rasmussen of Gladstone, Mr. and Mrs. Thomas Lynaugh Sr. and sons, Terry and Mike, and Mr. and Mrs. Thomas Lynaugh Jr. of Escanaba.

Mr. and Mrs. Conrad Herioux and son, Lionel, and Mrs. Joe Chouinard visited at the Joe Herioux home at Iron Mountain Wednesday on the occasion of Mr. Herioux's birthday.

Lawrence Richer, who is employed at Holland, Mich., spent the weekend visiting with his family.

Edwin Viau and daughter, Virginia, left Sunday for Milwaukee on a business trip, and they will return tonight.

STURGEON EGGS

The eggs of sturgeons are not taken for caviar when the female is ready to spawn, but at an earlier period, when the roe is hard. A large female may yield as much as 15 gallons, or 2,400,000 eggs. Because the sturgeon is such a valuable prize, it is becoming very rare.

tons of manganese ore, for which the British have been angling for two years.

The Russian manganese, ironically enough, will go into the production of Centurion tanks.
